

MI-12005

Dual Monitor Mount with Pole and Crossbar

The **ProFlex** Dual Monitor Mount keeps your setup clean and perfectly aligned without taking up desk space. It supports two 17" to 32" monitors with a sliding crossbar for seamless, gap-free viewing. The 17.3" pole and gas spring arm provide smooth height adjustment and full-motion flexibility. Perfect for professionals who rely on multiple screens to stay productive and in control.

- Dual-screen alignment: Sliding crossbar ensures perfect side-by-side positioning
- Supports up to 19.8 lbs per monitor
- Full motion ergonomic control

- Clutter-free cable management
- Built-in USB connectivity
- Space-saving installation: Clamp or grommet mounting fits a wide range of desks
