

MI-12011

Heavy-Duty Triple Monitor Mount with Gas Spring Arms

The ProFlex Triple Monitor Mount creates a flexible, ergonomic workstation for offices, trading setups, gaming, and content creation. Arrange three monitors up to 32" side-by-side or use a 2+1 layout with two monitors up to 38" and one upper display up to 49". Gas spring arms provide smooth height adjustment, while independent tilt, swivel, and rotation make it easy to position each screen. Integrated USB-A and USB-C ports keep essential connections within reach.

- Arrange three monitors side-by-side or in a 2+1 layout
- Gas spring arms provide smooth height adjustment
- Tilt, swivel, and rotate each monitor independently
- Integrated USB-A 3.0 and USB-C connectivity
- Clamp and grommet mounting options included
- Built-in cable management keeps cords organized
