

MI-12014

Vertical Stacking Dual Monitor Mount

Maximize screen space without crowding your desk. This heavy-duty dual monitor mount supports two standard or ultrawide displays up to 49" and 44 lbs each in a clean stacked setup. Designed for control rooms, dispatch centers, gaming, and high performance workstations, it offers tilt, swivel, rotation, and pole height adjustment for ergonomic viewing and better productivity.

- Stacked dual screen design saves desk space
- Supports monitors up to 49" and 44 lbs each
- Tilt, swivel, rotate, and adjust screen height

- Quick release VESA plates simplify installation
- Clamp or grommet mounting for secure setup
- Ideal for control rooms, dispatch centers, and gaming setups
