Heavy-Duty XXL Tilt TV Wall Mount

Our XXL Tilt TV Wall Mount from the Beast Collection is engineered to securely support oversized displays in both residential and commercial environments. Built for maximum strength and simplicity, it features a forward-tilt design that helps reduce screen glare. The low-profile design keeps displays close to the wall for a clean, modern look, while installer-friendly features ensure secure mounting, easy alignment, and a polished, professional finish in any space.

- For ultra-large displays, engineered with rock-solid strength for home and commercial use
- Low-profile fixed design for a clean and modern look
- Includes tools for fast, accurate installation on multiple wall types

- Heavy-duty steel construction delivers confidence
- Securely supports flat and curved TVs up to 140 inches and 275 lbs
- VESA compatible from 300x200 up to 1200x800
