MedHub Motorized Mobile Workstation

This motorized mobile workstation supports flexible clinical workflows with smooth electric sit-to-stand height adjustment and a compact, easy-to-maneuver base. An integrated technology enclosure with power strip keeps equipment organized and powered, while compatible monitor, tablet, laptop, and storage accessories allow for customizable point-of-care setups. Large locking casters provide stable positioning in hospitals, clinics, and long-term care environments.

- Effortlessly moves between rooms while maintaining a compact, space-efficient footprint
- Convenient motorized height adjustment
- Built-in technology enclosure houses equipment and includes a power strip
- Large locking casters provide smooth mobility and stable positioning
- Customizable with MedHub monitor, tablet, or laptop mounts and storage accessories
