MedHub Motorized Mobile Workstation - Powered by ELORA

The Powered Medical Workstation is a mobile, ergonomic solution for hospitals, clinics, and other healthcare facilities. Built on the MI-16040, it adds a full on-board power system with an Elora MAXX battery, A/C power module, and on-cart charger for reliable use throughout the day. Electric height adjustment, secure technology storage, accessory compatibility, and large locking casters make it ideal for bedside charting, EMR access, telehealth, and mobile diagnostics.

- Fully powered workstation on wheels with touch panel height adjustment
- Equipped with add-on Elora Maxx power kit
- Built-in, lockable technology enclosure beneath the work surface
- Large, locking casters provide smooth mobility and stable positioning
- Customizable with MedHub monitor, tablet, or laptop mounts and storage accessories
