TV Wall Mount Bracket for Small TV and Computer Monitors

This TV wall mount bracket creates comfortable viewing experience with the tilt function to fight sun glare and reduce neck strain. It offers the low-profile benefit of fixed mounts with only 1.4 inches distance from the wall, but also allows adequate spacing behind the TV.

- Quick release easy installation
- Solid steel construction with a weight capacity of up to 44 lbs

A BETTER VIEWING EXPERIENCE. Tilt up or down for better viewing.

EASY INSTALLATION. Get back to watching in no time.

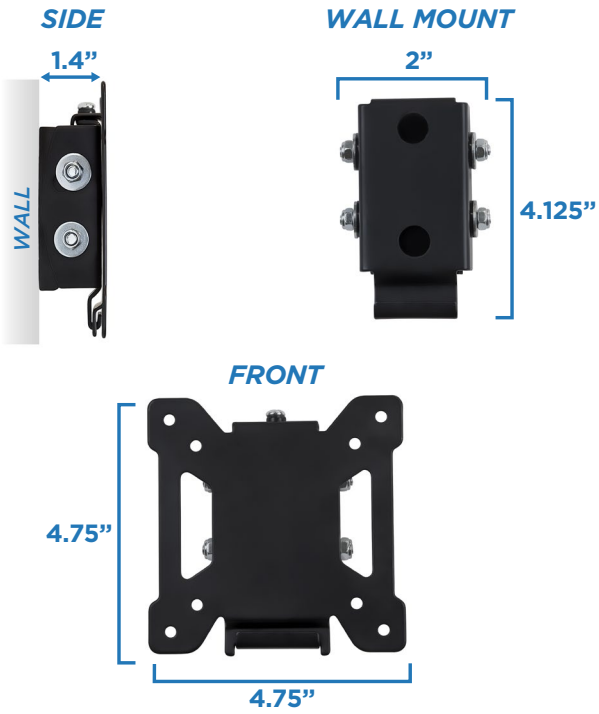

DESIGN. Low profile, simple design for a clean and modern look.
