

MI-20853

In-Wall Media Box (Large)

This large in-wall media box delivers a clean, professional install by recessing streaming devices, networking gear, and power behind your TV. Made from Wi-Fi-transparent plastic to maintain strong wireless signal. Adjustable internal brackets secure devices, while multiple knockouts allow clean routing of HDMI, Ethernet, coax, and power. Ideal for home theaters, digital signage, and commercial installs.

- Large recessed storage - Hide streaming boxes, routers & power adapters
- Wi-Fi transparent material - Ensures strong wireless signal for streaming
- Flexible device mounting - Adjustable internal bracket and straps

- Easy cable routing - Multiple top, bottom and side knockouts
- Ventilated slip cover - Low-profile, 2-piece cover improves airflow & provides clean, finished look
