

MI-417

No Stud TV Wall Mount

Securely mount your TV directly into drywall without wood studs, a power drill, or specialized tools. The simple nail-in installation can be completed in as little as 15 minutes, making it a great solution for renters, apartments, and spaces where drilling into studs is not an option. Its ultra-slim 0.94" gallery profile keeps your TV nearly flush against the wall for a clean, picture-frame look.

- Mounts directly into drywall with no wood studs, power drill, or specialized tools required
- Nail-in bracket system distributes weight evenly across drywall for a secure hold
- Ideal for renters, apartments, metal stud walls, and DIY installations

- Ultra-slim 0.94" profile keeps TVs nearly flush against the wall
- Supports TVs from 32" to 100" with a strong 165 lb weight capacity
- Includes mounting template, bubble level, and hardware for a simple, guided installation
