

MI-440

Full-Motion Corner TV Mount with Split Wall Plate

Designed for large-scale home entertainment setups, this heavy-duty full-motion TV wall mount supports TVs up to 90" and 176 lbs. Its split wall plate design allows for flexible installation in corners, on flat walls, inside wall niches or alcoves, making it easy to turn unused space into a premium viewing area. The extra sturdy arm provides smooth extension, swivel, and retraction, giving users more control over their viewing position.

- Supports large TVs up to 90" and 176 lbs
- Split wall plate design allows installation on flat walls, in niches, alcoves, and corners
- Extends up to 18.6" from the wall for improved viewing angles and easier access
- Swivels 30° left and right to help reduce glare and optimize screen positioning
- Retracts to a slim 1.5" profile
- Compatible with VESA patterns from 200x200 to 600x400
