Dual Monitor Mount with Low Profile Gas Spring Arms

This dual monitor mount is the perfect solution if you have space restrictions behind your desk whether your workspace is in an office or at home. The shorter front arms allow for perfect side-by-side screen alignment while placing your monitors at the recommended viewing distance. The monitor mount's full motion gas spring design provides swivel, tilt and rotation adjustments.

- Fits two screens from 17" to 32" and 2.2 - 19.8 lbs each
- Full motion gas spring adjustment
- Swivel up to 180°, tilt +/-45° and 360° screen rotation
- Shorter front arms for seamless monitor alignment in restricted spaces such as cubicles
