Dual Screen TV Ceiling Mount

SAVE SPACE & INCREASE THE FUNCTIONALITY

This dual screen TV ceiling mount is ideal for commercial installations. Hang two TVs with one mount to save space and on installation costs. Lockable design ensures security of your displays especially in public settings. The adjustable height makes it possible to create a better viewing experience.

- Full motion design adapts to your environment and creates a more comfortable viewing experience.
- Constructed with solid steel to safely and sturdily holds 175 lbs for each individual side of the TV bracket.
- A popular choice for hanging digital signage or entertainment TV screens at restaurants, sport bars, airports, businesses, bowling alleys, and other public areas.

A BETTER VIEWING EXPERIENCE. Adjust the tilt to reduce glare and increase comfort.

ADAPTS TO YOUR ENVIRONMENT. Height Adjustment allows you to mount your TV in most spaces.

HEAVY-DUTY. Materials and design optimized for durability.
