

MI-522S / MI-522L

Dual TV Ceiling Mount with Short/Long Pole

Optimize your space with this dual TV ceiling mount designed for moderate to tall ceiling heights and professional-grade installations. Supporting two screens from 34" to 60", it features full-motion adjustability, an adjustable drop range, and heavy-duty construction for reliable performance. Ideal for commercial environments and home setups, it delivers flexible viewing, clean cable management, and a polished, professional look.

- Holds two TVs from 34" to 60" for side-by-side viewing setups
- Available with short (MI-522S) or long pole (MI-522L)
- Full motion adjustability - Swivel and tilt for ideal viewing angles

MI-522S
Short Pole

- Supports up to 88 lbs per screen with 4x safety testing
- Fits mounting patterns from 200x200 to 600x400
- Includes screen leveling adjustment and cable management straps
