In-Wall TV Cable Concealer with Recessed Power

The Recessed In-Wall Cable Concealer provides a clean, streamlined solution for powering devices while hiding cables. Designed for home theaters, offices, and AV setups, it features a triple-outlet, a 9 ft pre-wired power cord, and a brush pass-through for low-voltage cables. The ETL-certified design ensures safety, while the quick-install system makes setup effortless.

- **Triple-Outlet Power** – Powers up to three devices from a single location
- **9 ft Pre-Wired Power Cord** – Extra-long cable for flexible placement

- **Quick & Easy Installation** – Includes all necessary tools for a seamless setup
- **Brush Pass-Through** – Allows for easy routing of low-voltage cables such as HDMI and Ethernet
- **ETL Certified** – Meets industry safety and quality standards
