

MI-12002

Dual Monitor Mount with Gas Spring Arm & Crossbar

Upgrade your workspace with the **ProFlex** Dual Monitor Mount, designed for seamless dual-screen setups and ergonomic comfort. It supports two 17" to 32" monitors with smooth gas spring adjustability and a sliding rail for precise alignment. Built-in USB ports and cable management keep your setup clean and efficient. Perfect for professionals who rely on multiple screens to stay productive and in control.

- Dual-screen alignment: Sliding crossbar ensures perfect side-by-side positioning
- Gas spring arm provide smooth full motion adjustments
- Supports up to 19.8 lbs per monitor

- Clutter-free cable management
- Built-in USB connectivity
- Space-saving installation: Clamp or grommet mounting fits a wide range of desks
