

MOUNT-IT!

MI-7979W

Mobile Sit-Stand Computer Workstation

This compact, mobile workstation is the perfect addition to any environment from homes and offices to schools where space is limited and flexibility is key. It features a desktop large enough for your laptop or computer screen, a separate tray for your keyboard and mouse and even a designated storage space for a CPU and printer. Effortless gas-spring height adjustment between 29.5" and 43.3".

- Flexible design allows for use as mobile laptop cart or complete computer workstation
- Dual platform design and extra storage space for CPU and printer
- Mobile yet sturdy construction
