EN Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It! for assistance.

CAUTION: Use with products heavier than the rated weights indicated may result in instability causing possible injury.

- Do not closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided and DO NOT OVER TIGHTEN mounting screws.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

IMPORTANT: Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It! for a replacement.

MAINTENANCE: Check that the product is secure and safe to use at regular intervals (at least every three months).

DE Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

VORSICHT: Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngrößen sind, kann zu Instabilität führen und zu möglichen Verletzungen führen. Verwenden Sie die folgenden Schritte zur Installation genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.

- Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
- Dieses Produkt ist auf massiven Betonwänden oder Mauerwerkswänden zu montieren.
- Stellen Sie sicher, dass die Auflagefläche das Gesamtgewicht des Geräts und aller angeschlossenen Hardware und Komponenten sicher trägt.
- Entfernen Sie die mitgelieferten Befestigungsschrauben und -dübeln. Verwenden Sie stattdessen 3/8" x 4" Edelstahlschrauben NICHT ZU FESTANZIEHEN.
- Dieses Produkt enthält Kleinteile, die beim Verschluss eine Erstentsorgung Ihres Produkts können. Halten Sie diese Gegenstände von Kindern fern.
- Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.

WICHTIG: Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponenten-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihren Verkaufsstelle, um Ersatz zu erhalten.

WARTUNG: Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

FR Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

ATTENTION : L'utilisation incorrecte de ces produits nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.

- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
- Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
- Ce produit est conçu pour être installé sur des murs avec poteaux en bois, des murs en béton massif ou murs en brique.
- Assurez-vous que la surface de soutien supporte en sécurité le poids combiné de l'équipement et de tous les matériaux et composants associés.
- Évitez les vis de montage fournies et NE SERREZ PAS TROP.
- Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
- Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

IMPORTANT: Avant l'installation, assurez-vous de vous avoir reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou si la documentation est manquante, contactez votre distributeur local pour la remplacer.

MANTENANCE: A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est l'installation sûre et fiable.

RU Перед началом установки и сборки проконсультируйтесь с установщиком. Если у Вас возникли какие-либо вопросы относительно инструкции или предостережений, свяжитесь с Вашим локальным распространителем для получения помощи.

Внимание: Использование продуктов, в которых превышен указанный расчетный вес, может привести к неустойчивости и возможным травмам. Не допускайте превышения допустимых нагрузок. Неправильная установка может привести к получению серьезных травм.

- Необходимо использовать производственные устройства и специальные инструменты. Продукт должен устанавливаться только профессионалами.
- Продукт предназначен для установки на деревянные каркасы стеновые, твердые цементные стены или кирпичные стены.
- Убедитесь, что несущая поверхность выдержит вес всего установленного оборудования и комплектующих.
- Необходимо использовать монтажные винты, входящие в комплект поставки, и НЕ ПЕРЕКРУЧИВАТЬ монтажные винты.
- Данный продукт содержит мелкие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
- Данный продукт предназначен только для эксплуатации в помещениях. Использование данного продукта на улице может привести к поломке продукта и получению травм.

ВАЖНО: Перед установкой убедитесь, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или если имеются сомнения, свяжитесь с Вашим локальным распространителем для получения помощи.

ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ: Необходимо регулярно проверять (каждые минимум раз в три месяца), чтобы крепежи были зафиксированы, и его использование было безопасным.

ES Lea todo el manual de instrucciones antes de comenzar la instalación y ensamble de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

PRECAUCIÓN: Utilizar con productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles heridas personales.

Los soportes deben instalarse tal como se indica en las instrucciones de ensamble. Una incorrecta instalación podría ocasionar daños y serias heridas personales.

- Utilice las herramientas y equipo de seguridad adecuados. Este producto solo debe ser instalado por profesionales.
- Este producto está diseñado para instalaciones en paredes de madera sólida, concreto sólido o bloques.
- Asegúrese de que la superficie de fijación sostenga de manera segura el peso total del equipo y todos sus componentes y hardware.
- Utilice los tornillos de ensamble suministrados y NO aplique demasiada tensión a los tornillos.
- Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
- Este producto está diseñado para usarse en interiores solamente. Utilizar este producto en exteriores podría ocasionar fallas y heridas personales.

IMPORTANTE: Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.

¡IMPORTANTE! Conserve cuidadosamente que el soporte está asegurado y listo para usar (el peso que trae consigo).

PT Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre qualquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

ATENÇÃO: O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos a pessoas ou a propriedade.

- Se desportos devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou sérias lesões pessoais.
- Os equipamentos de segurança e ferramentas adequadas devem ser usados para instalar o produto. Se você não for treinado para isso, consulte um profissional.
- Este produto é projetado para ser instalado em pilares verticais de paredes de madeira, paredes de concreto sólido ou de tijolos.
- Certifique-se que a superfície de suporte suportará com segurança o peso combinado do equipamento e das ferramentas e componentes anexados.
- Não perfurem os equipamentos de suporte com ferramentas e NÃO ADAPTE EXCESSIVAMENTE os mesmos.
- Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha estas longe da alcance de crianças.
- Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.

IMPORTANTE: Assegure-se que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação. Se alguma peça estiver faltando ou a defeituosa, contate o seu distribuidor local para substituição.

MANTENÇÃO: Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

Step 1a

Wood Stud Mounting Option

- With a stud finder locate the stud and center the Wall Mount (#A) on the stud at the desired height. Using a bubble level to ensure straightness mark the center of the mounting holes with a pencil.
- Use a 3/16" drill bit and drill on the marked locations to a depth of 2.2". Secure the Wall Mount (#A) to the wall using the Lag Screws (#WV-A) and Washers (#WV-C). Tighten the screws until secure.
- Place the Decorative Covers (#E, H) onto the mount to cover the heads of the lag screws.

Step 1b

Concrete/Brick Mounting Option

- Using a bubble level to ensure straightness hold the Wall Mount (#A) to the desired location on the wall and mark the center of the mounting holes with a pencil.
- Use a 3/8" drill bit and drill on the marked locations to a depth of 2.4". Clear any dust and debris from the holes and insert the Concrete Anchors (#W-B). Secure the Spring Arm (#A) to the wall using Lag Screws (#W-A) and Washers (#W-C). Tighten the screws until secure.
- Place the Decorative Covers (#E, H) onto the mount to cover the heads of the lag screws.

Step 2

Assemble the Arm

- Insert the Mount Arm (#C) into the wall mount, then partially tighten the set screw so that the arm cannot be removed from the joint.

Step 3

Assemble the Arm

- Insert the Spring Arm (#B) into the arm joint, then partially tighten the set screw so that the arm cannot be removed from the joint.

Step 4

Connect the VESA Head to the Spring Arm

- Connect the VESA Head (#D) to the end of the Spring Arm using VESA Connector Washer (#G) and VESA Connector Bolt (#F). Tighten until secure using the Hex Wrench (#J).

Note: Ensure the Washer is oriented so that the hexagonal interior end is facing upwards, as illustrated here.

- Remove the thumb screw from the back of the VESA Head, pull the bottom of the VESA Plate on the front away then up to remove it.

Step 5

Attach the VESA Plate to the Monitor

- Select the appropriate size mounting bolt (#M-A, M-B) for your monitor's mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your monitor user manual or contact the monitor manufacturer for sizing information.
- Install the VESA Plate onto the back of the monitor using the selected Bolts (#M-A or M-B) and Washers (#M-C) and ensure that the arrow on the plate is pointing up to the top of the monitor.

Step 6

Attaching the Monitor

- Hang the monitor on the end of the VESA Head by hooking the top of the plate back onto the end of the arm, and then lower it down into position. Reinstall the thumb screw to secure it in place.

Step 7

Weight Balancing the Gas Spring Arm

- Gas Spring tension may need to be adjusted to suit the weight of the monitors. To weight balance the two gas spring arms, begin by pushing the arm down to the lowered position, then use Hex Wrench (#J) to adjust the nut as pictured above, turning counterclockwise toward the + (plus) sign for heavier monitors, increasing the tension and clockwise toward the - (minus) sign for lighter monitors, lowering the tension. Adjust until the arm does not raise back to the highest position or sink to the lowest position when released. This might require multiple rotations to reach the desired tension.

To properly balance the arm with monitor mounted, adjust the spring tension using the supplied Allen Key as follows:

First, position and firmly hold the arm horizontally as shown. Ask for assistance should you require it.

CAUTION: To avoid damage to monitor or mount, always keep the arm in a horizontal position while making adjustments. Again, ask for assistance if required.

If the arm **drops**, turn the adjustment screw counter-clockwise until it stays in a horizontal position.

If the arm **rises**, turn the adjustment screw clockwise until it stays in a horizontal position.

CAUTION: DO NOT over tighten the screws.

Step 8

Cable Management

- Remove the cable management covers from the underside of the mount arms sliding the covers forward toward the VESA plate, then away from the arm. Run any cables beneath then reinstall the cable management cover.

Step 9

Final Adjustments
