Thank you for choosing Mount-It!

EN Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It for assistance.

CAUTION: Use with products heavier than the rated weights indicated may result in instability causing possible injury.

- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws to be installed on the equipment.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

IMPORTANT: Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It for a replacement.

MAINTENANCE: Check that the product is secure and safe to use at regular intervals (at least every three months).

DE Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

VORSICHT: Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.

- Siehe unbedingt die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.
- Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
- Dieses Produkt ist nur für massiven Betonwänden oder Mauerwerkswänden zu montieren.
- Stellen Sie sicher, dass die Aufhängesysteme des Geräts und aller angeschlossenen Hardware und Komponenten sicher sind.
- Verwenden Sie die mitgelieferten Befestigungsschrauben und die Befestigungsschrauben NICHT ZU FEST ANZIEHEN.
- Dieses Produkt enthält Kleinteile, die beim Verschlucken eine Erstickungsgefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
- Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.

WICHTIG: Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponente-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihren Verkaufsstand, um Ersatz zu erhalten.

WARTUNG: Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

FR Lire attentivement le guide d'installation avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

ATTENTION: L'utilisation de produits plus lourds que les poids maximum indiqués peut entraîner une instabilité causant des blessures potentielles.

Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.

Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.

Ce produit est conçu pour être installé sur des murs avec profils en bois, des murs en béton massif ou murs en brique.

Assurez-vous que la surface de soutien supporte en sécurité la poids combiné de l'équipement et de tous les matériaux et composants associés.

Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.

Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.

Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

IMPORTANT: Avant l'installation, assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.

MAINTENANCE: A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est d'installation sûr et stable.

RU Тщательно прочтите и добросовестно изучите все инструкции по установке. Если у Вас возникли вопросы относительно инструкции или предупреждений, обратитесь в Вашему местному дистрибутору для получения помощи.

ВНИМАНИЕ: Использование продукции, вес которой превышает указанный максимальный, может привести к неустойчивости и возможным травмам.

Оборудование должно устанавливаться на прочные поверхности. Неправильная установка может привести к повреждению оборудования.

Необходимо использовать профессиональные инструменты и специальные инструменты. Продукт должен устанавливаться только профессионалами.

Продукт предназначен для установки на прочные стены, кирпичные или бетонные стены.

Убедитесь, что поверхность, на которой вы устанавливаете оборудование, выдержит все возможные нагрузки и оборудование.

Необходимо использовать инструменты, указанные в комплекте поставки, и НЕ ПЕРЕТЯГИВАЙТЕ винты.

Данный продукт содержит мелкие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.

Данный продукт предназначен только для внутреннего использования. Использование данного продукта на улице может привести к повреждению и/или поломке изделия.

ВАЖНО: Проверьте правильность, что Вы получили все детали в соответствии со списком комплектации. Если не хватает каких-либо деталей или они повреждены, свяжитесь с Вашим местным дистрибутором для замены.

ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ: Необходимо регулярно проверять (раз в три месяца) или чаще) надежность конструкции. Если конструкция была повреждена, и ее использование не будет безопасным.

ES Lea todo el manual de instrucciones antes de comenzar la instalación y montaje de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

PRECAUCIÓN: Usar productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles lesiones personales.

La superficie donde se instale debe ser sólida y las instrucciones de montaje. Una incorrecta instalación podría ocasionar daños a la unidad y lesiones personales.

Utilice las herramientas y equipo de seguridad adecuados. Este producto solo debe ser instalado por profesionales.

Este producto está diseñado para instalaciones en paredes de concreto sólido o de bloques.

Asegúrese de que la superficie de fijación soportará de manera segura el peso total del equipo y todos sus componentes y hardware.

Utilice los límites de montaje suministrados y NO ajuste demasiado tensos a los tornillos.

Este producto contiene pequeñas piezas que representan un riesgo si se las traga. Mantenga estas piezas fuera del alcance de los niños.

Este producto está diseñado para uso interior. Utilizar este producto en exteriores podría ocasionar fallas o lesiones personales.

IMPORTANTE: Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.

MAINTENIMIENTO: Compruebe periódicamente que el soporte está asegurado y listo para usar (al menos cada tres meses).

PT Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre qualquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência técnica.

ATENÇÃO: O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.

Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou até mesmo lesões pessoais.

Equipamentos de segurança e ferramentas adequadas devem ser utilizadas. Este produto só deve ser instalado por profissionais.

Este produto é projetado para ser instalado em paredes verticais de concreto sólido, paredes de concreto sólido ou de tijolos.

Certifique-se de que a superfície de suporte suportará com segurança o peso combinado do equipamento e todos os itens e componentes associados.

Use os parâmetros de montagem fornecidos e NÃO APERTE EXCESSIVAMENTE os parafusos.

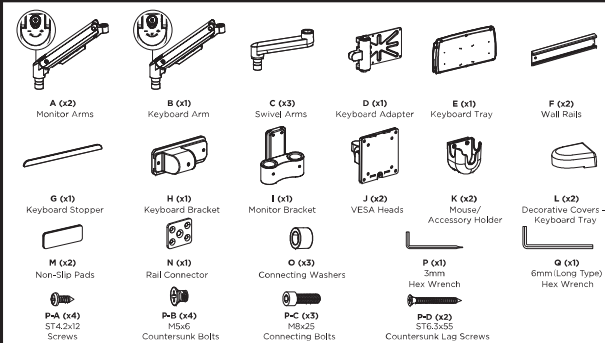

Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha essas peças longe do alcance de crianças.

Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.

IMPORTANTE: Asegure-se de que você recebeu todas as peças de acordo com a lista de componentes, antes de instalação. Se alguma peça estiver faltando ou é defeituosa, contate o seu distribuidor local para substituição.

MANUTENÇÃO: Certifique-se de que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

Mount and Accessories

Mounting Hardware

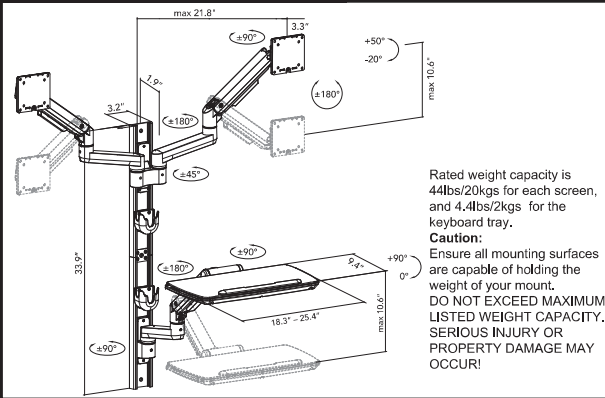

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

CHOKING HAZARD. Package includes small parts. Not for children under 3 years. Adult supervision is required.

Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.

DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 44lbs/20kgs for each screen, and 44lbs/20kgs for the keyboard tray.

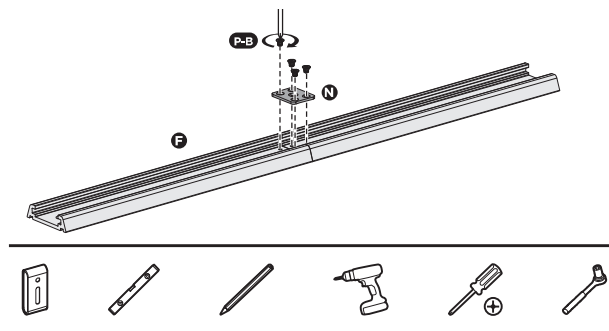

Caution: Ensure all mounting surfaces are capable of holding the weight of your mount. DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY. SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!

Step 1

Assemble the Rail

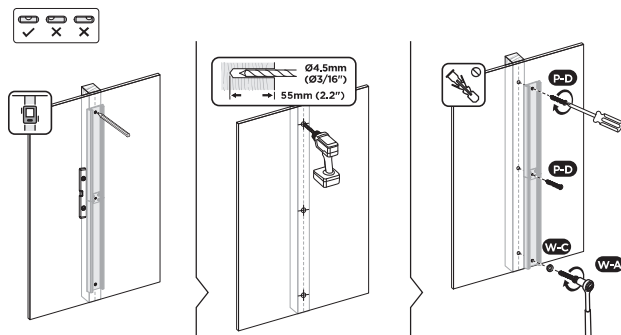

- Align the Wall Rails (#F) and secure them together using the Rail Connector (#N) and Countersunk Bolts (#P-B).

Step 2a

Wood Stud Mounting Option

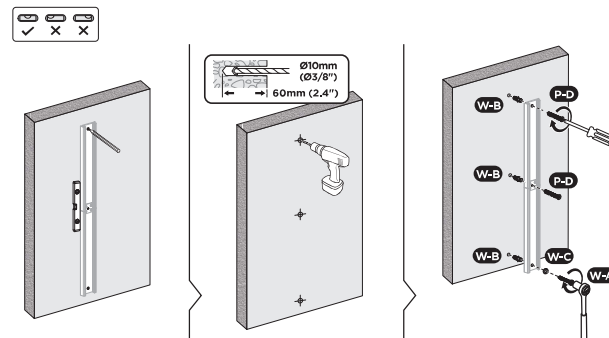

- With a stud finder locate the stud and center the Wall Rail on the stud at the desired height. Using a bubble level to ensure straightness, mark the center of the 3 mounting holes with a pencil.
- Use a 3/16" drill bit and drill on the marked locations to a depth of 2.2". Secure the Wall Rail to the wall using the Countersunk Lag Screws (#P-D) on the upper holes, and the Lag Screw (#W-A) and Washer (#W-C) on the lowest hole. Tighten the screws until flush with the Wall Rail. If the upper screws are not flush the spring arms may not be able to be inserted into the rail.

Step 2b

Concrete/Brick Mounting Option

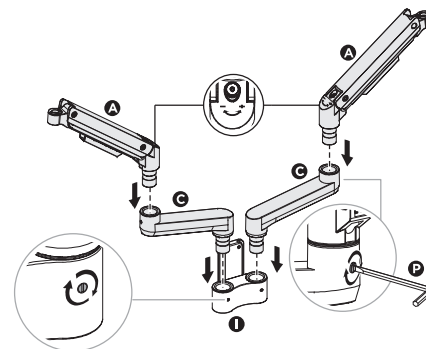

- Using a bubble level to ensure straightness hold the Wall Rail (#D) to the desired location on the wall and mark the center of the 2 mounting holes with a pencil.
- Use a 3/8" drill bit and drill on the marked locations to a depth of 2.4". Insert the Concrete Anchors (#W-B) into the holes. Secure the Wall Rail to the wall using the Flush Lag Screws (#P-D) on the upper holes, and the Lag Screw (#W-A) and Washer (#W-C) on the lowest hole. Tighten the screws until secure and ensure that the Flush Lag Screws (#P-D) are tightened until flush with the Wall Rail. If the upper screws are not flush, the spring arms may not be able to be inserted into the rail.

Step 3

Assemble the Monitor Arms

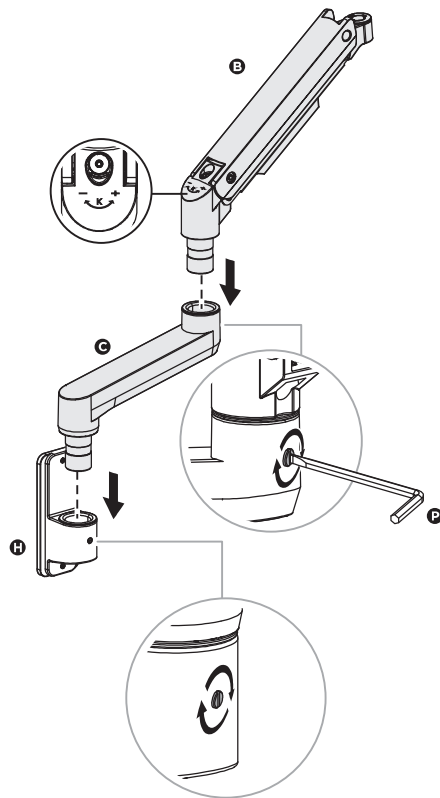

- Insert the Swivel Arms (#C) into the Monitor Bracket (#I) and the Monitor Arms (#A) into the Swivel Arms, tightening the set screw at each joint to prevent the segments from being removed.

Step 4

Assemble the Keyboard Arm

- Insert the Swivel Arm (#C) into the Keyboard Bracket (#H) and the Keyboard Arm (#A) into the Swivel Arm, tightening the set screw at each joint to prevent the segments from being removed.

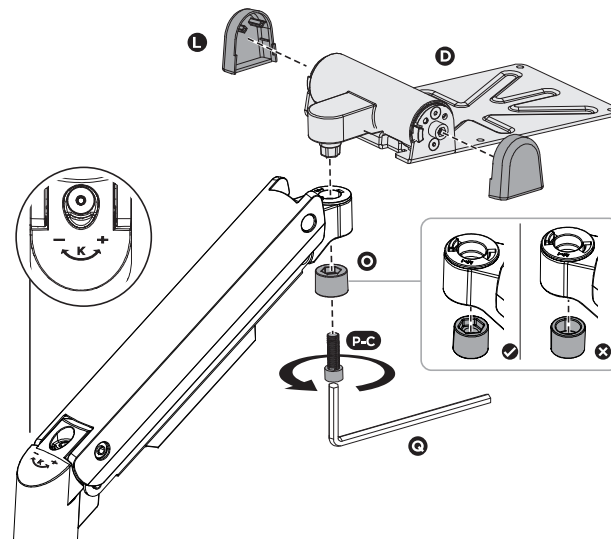

Note: To ensure you use the correct spring arm, observe the "K" marked by the tension adjustment point on the Keyboard Arm.

Step 5

Connect the Keyboard Adapter

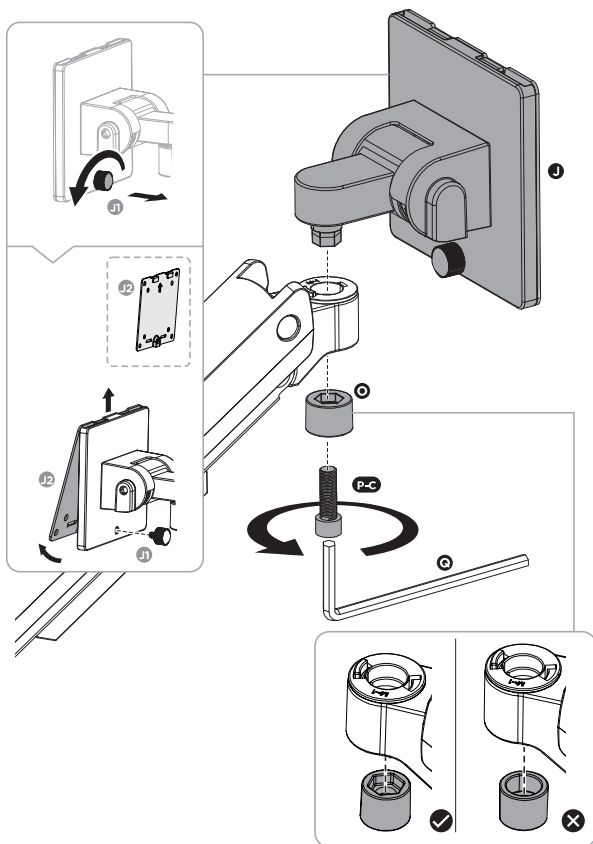

- Attach the Keyboard Adapter (#D) to the end of the keyboard spring arm using the Connecting Bolts (#P-C) and Connecting Washers (#O). Place the Decorative Covers (#L) over the keyboard adapter joints.

Step 9

Connect the VESA Heads

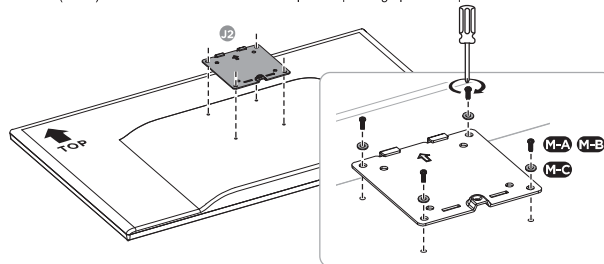

- Attach the VESA Heads (#J) to the end of the monitor spring arms using the Connecting Bolts (#P-D) and Connecting Washers (#P-C).
- Remove the thumb screws from the backs of the VESA Heads, pull the bottom of the VESA Plate on the front away then up to remove it.

Step 10

Attach the VESA Plate to the Monitor

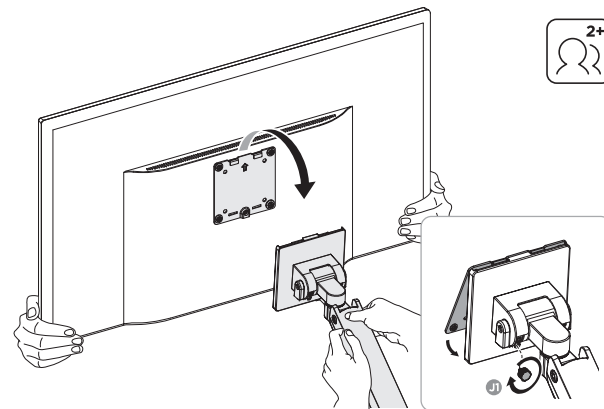

- Select the appropriate size mounting bolt (#M-A, M-B) for your monitor's mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your monitor user manual or contact the monitor manufacturer for sizing information.
- Install the VESA Plate onto the back of the monitor using the selected Bolts (#M-A or M-B) and Washers (#M-C) and ensure that the arrow on the plate is pointing up to the top of the monitor.

Step 11

Attach the Monitor

- Hang the monitor on the end of the VESA Head by hooking the top of the plate back onto the end of the arm and then lower it down into position. Reinstall the thumb screw to secure it in place.

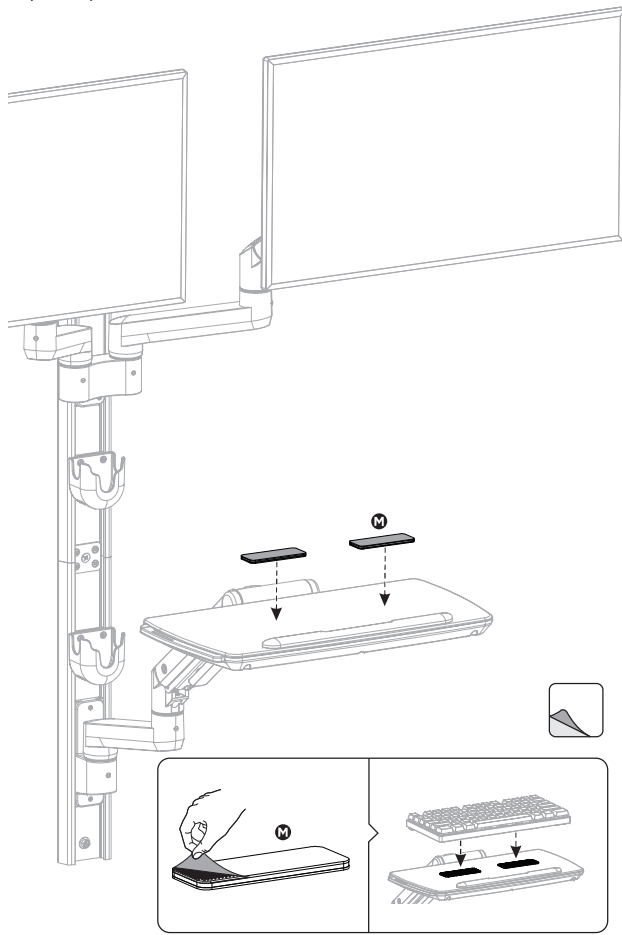

CAUTION:

Do not release the monitor immediately after hanging and wait until you are sure it is stable in its position to prevent injury to personnel or equipment. If the arm rises or falls, refer to the next step for adjustment.

Step 12

Install the Non-Slip Pads

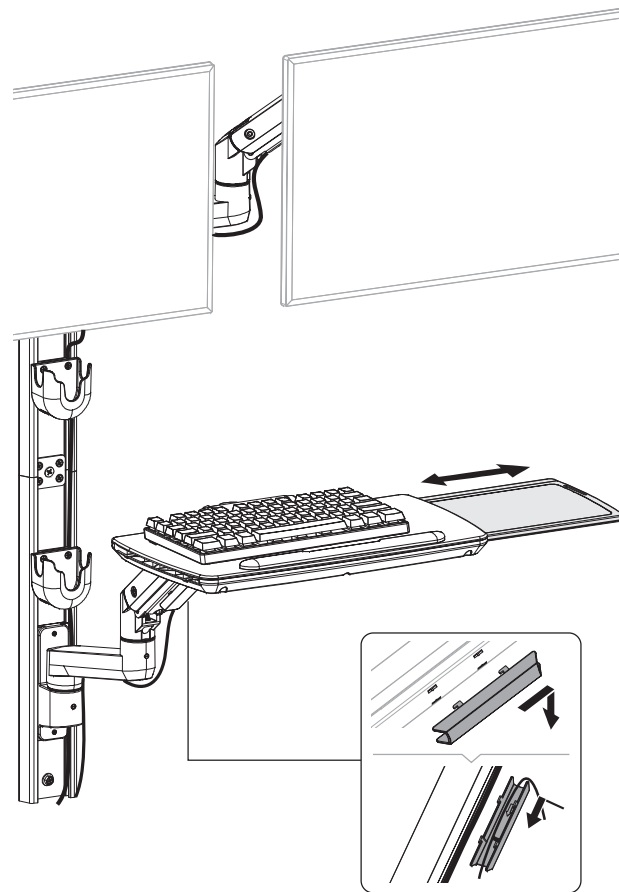

- Peel off the adhesive backing from the Non-Slip Pads (#M) and press them into place on the keyboard tray as shown.

Step 13

Cable Management

- Extend the mouse tray from either the left or right side of the keyboard tray as needed.
- Use the cable management channels on the bottom of the monitor and keyboard arms to route cables along the arms and down the rails.

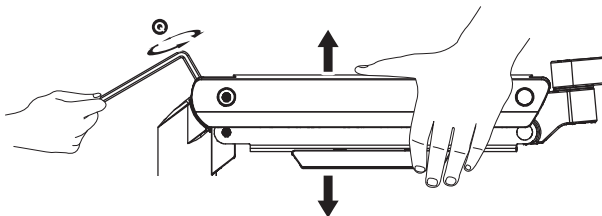

Step 14

Weight Balancing the Gas Spring Arm

• Gas Spring tension may need to be adjusted to suit the weight of the monitors. To **weight balance** the two gas spring arms, begin by pushing the arm down to the lowered position, then use Hex Wrench (#M) to adjust the nut as pictured above, turning counterclockwise toward the + (plus) sign for heavier monitors, increasing the tension and clockwise toward the - (minus) sign for lighter monitors, lowering the tension. Adjust until the arm does not raise back to the highest position or sink to the lowest position when released. This might require multiple rotations to reach the desired tension.

CAUTION: DO NOT over tighten the screws.

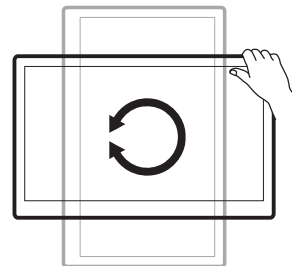

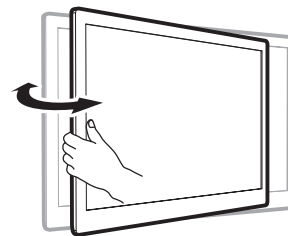

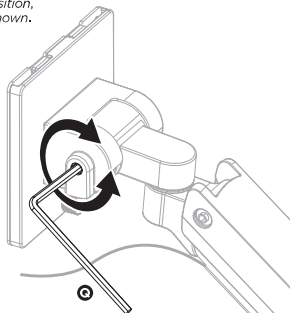

Before adjusting the spring tension and during the adjustment process, **position and hold the arm horizontally as shown**. Use the supplied Allen Key for adjustment. Ask for assistance should you require it.

If the arm **drops**, turn the adjustment screw in the + direction until it remains in a horizontal position.

If the arm **risers**, turn the adjustment screw in the - direction until it remains in a horizontal position.

Note: If the display does not stop at your desired position, tighten the screws as shown.

Visit us at **www.mount-it.com** for product registration and warranty information.

Our US based customer service team is standing by to answer any questions you have about your Mount-It! product.
