Thank you for choosing Mount-It!

EN

Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It! for assistance.

CAUTION: Use with products heavier than the rated weights indicated may result in instability causing possible injury.

- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided and DO NOT OVER TIGHTEN mounting screws.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

IMPORTANT: Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It! for a replacement.

MAINTENANCE: Check that the product is secure and safe to use at regular intervals (at least every three months).

DE

Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

VORSICHT: Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.

- Bitte befolgen Sie die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.
- Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
- Dieses Produkt ist auf massiven Betonwänden oder Mauerwerkswänden zu montieren.
- Stellen Sie sicher, dass die Aufhängeweise das Gesamtgewicht des Geräts und aller angeschlossenen Hardware und Komponenten sicher trägt.
- Verwenden Sie die mitgelieferten Befestigungsschrauben und die Befestigungsschrauben NICHT ZU FEST ANZIEHEN.
- Dieses Produkt enthält Kleinteile, die beim Verschlucken eine Erstickungsgefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
- Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.

WICHTIG: Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponenten-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihre Verkaufsstelle, um Ersatz zu erhalten.

WARTUNG: Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

FR

Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

ATTENTION: L'utilisation de produits plus lourds que les poids nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.

- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
- Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
- Ce produit est conçu pour être installé sur des murs avec poteaux en bois, des murs en béton massif ou murs en brique.
- Assurez-vous que la surface de soutien supporte en sécurité le poids combiné de l'équipement et de tous les matériaux et composants associés.
- Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.
- Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
- Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

IMPORTANT: Avant l'installation, assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.

MAINTENANCE: A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est d'utilisation sûre et fiable.

RU

Перед началом установки и сборки прочитайте руководство по установке. Если у Вас возникли какие-либо вопросы относительно инструкций или предупреждений, свяжитесь с Вашим местным распространителем для получения помощи.

Внимание: Использование продуктов, вес которых превышает указанный расчетный вес, может привести к неустойчивости и возможным травмам.

- Опоры должны быть установлены, как это показано в монтажных инструкциях. Неправильная установка может привести к получению серьезных травм.
- Необходимо использовать предохранительное устройство и специальные инструменты. Продукт должен устанавливаться только профессионалами.
- Продукт предназначен для установки на деревянные каркасные стены, твердые цементные стены или кирпичные стены.
- Убедитесь, что несущая поверхность выдержит вес всего установленного оборудования и комплектующих.
- Необходимо использовать монтажные винты, входящие в комплект поставки, и НЕ ПЕРЕТЯГИВАТЬ монтажные винты.
- Данный продукт содержит маленькие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
- Данный продукт предназначен только для эксплуатации в помещениях. Использование данного продукта на улице может привести к поломке продукта и получению травм.

ВАЖНО: Перед установкой убедитесь, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или они поломаны, свяжитесь с Вашим местным распространителем по вопросу замены.

ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ: Необходимо регулярно проверять (как минимум, раз в три месяца), чтобы кронштейн был зафиксирован, и его использование было безопасным.

ES

Lea todo el manual de instrucciones antes de comenzar la instalación y ensamble de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

PRECAUCIÓN: utilizar con productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles heridas personales.

- Los soportes deben acoplarse tal como se indica en las instrucciones de ensamble. Una incorrecta instalación podría ocasionar daños y serias heridas personales.
- Utilice las herramientas y equipo de seguridad adecuados. Este producto solo debe ser instalado por profesionales.
- Este producto está diseñado para instalaciones en paredes de madera sólida, concreto sólido o bloques.
- Asegúrese de que la superficie de fijación sostenga de manera segura el peso total del equipo y todos sus componentes y hardware.
- Utilice los tornillos de ensamble suministrados y NO aplique demasiada tensión a los tornillos.
- Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
- Este producto está diseñado para uso en interiores solamente. Utilizar este producto en exteriores podría ocasionar fallas y heridas personales.

IMPORTANTE: Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.

MANTENIMIENTO: Compruebe periódicamente que el soporte esté asegurado y listo para usar (al menos cada tres meses).

PT

Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre quaisquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

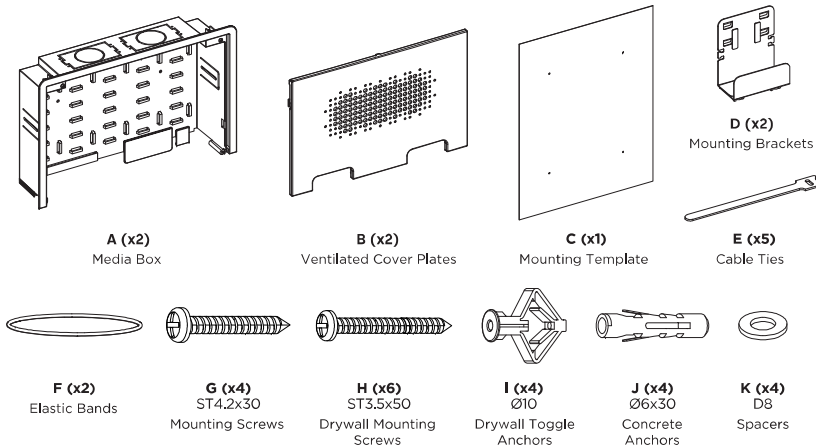

ATENÇÃO: O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.

- Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou sérias lesões pessoais.
- Equipamentos de segurança e ferramentas adequadas devem ser utilizadas. Este produto só deve ser instalado por profissionais.
- Este produto é projetado para ser instalado em pilares verticais de paredes de madeira, paredes de concreto sólido ou de tijolos.
- Certifique-se que a superfície de suporte suportará com segurança o peso combinado do equipamento e todas as ferragens e componentes anexados.
- Use os parafusos de montagem fornecidos e NÃO APERTE EXCESSIVAMENTE os mesmos.
- Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha esses itens longe do alcance de crianças.
- Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.

IMPORTANTE: Assegure-se que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação. Se alguma peça estiver faltando ou é defeituosa, contate o seu distribuidor local para substituição.

MANUTENÇÃO: Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

Mount and Accessories

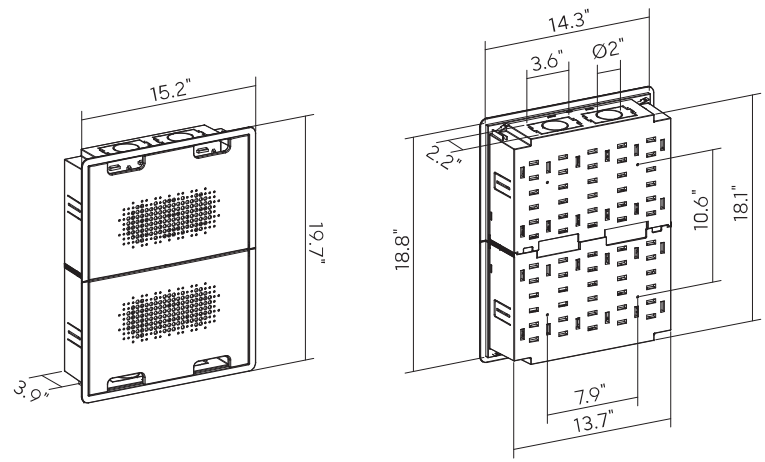

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

CHOKING HAZARD. Package includes small parts.
Not for children under 3 years. Adult supervision is required.

Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.

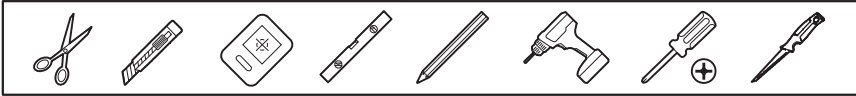

DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 22lbs/10kgs for this mount.
Caution:
Ensure all mounting surfaces are capable of holding the weight of your mount.
DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY.
SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!

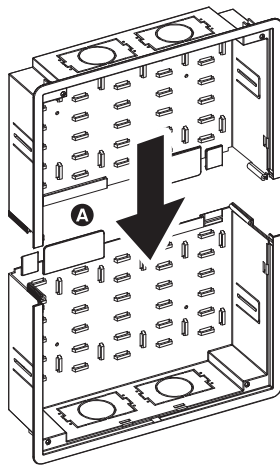

Tools Required - Not Included

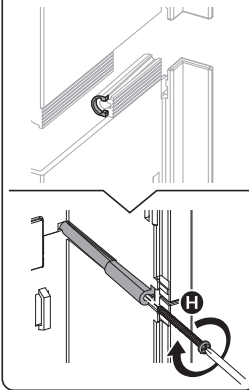

Step 1

Assemble the Media Box

- Hook both halves of the Media Box (#A) together as shown here.
- Secure the halves together using two of the Mounting Screws (#H) through the screw holes on each side of the box.

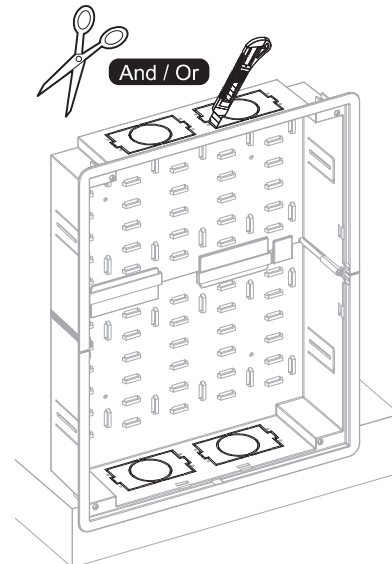

Note: Align the positioning holes of the 2 Boxes (A) to connect them.

Step 2

Select and Remove Knockout Holes

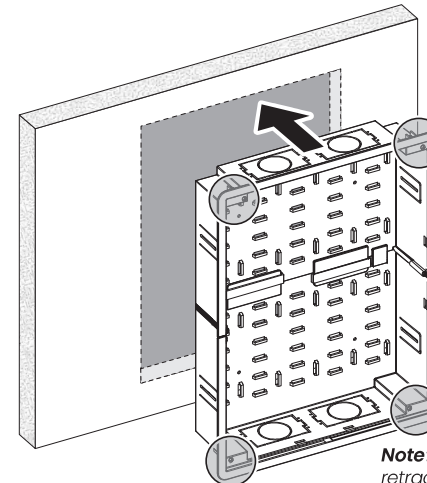

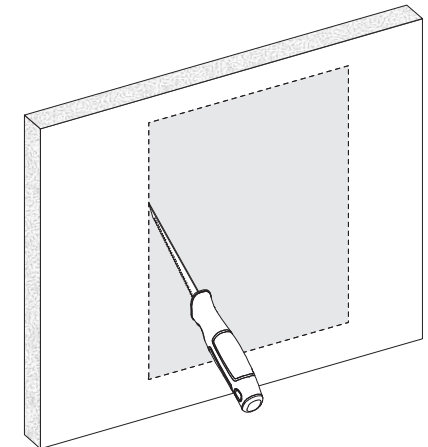

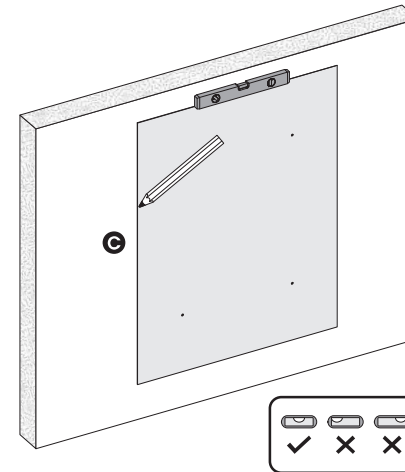

- Identify the desired knockout locations on the Media Box (#A) for cable entry based on your installation needs.
- Use a utility knife, standard scissor, or cutting tool to score along the tabs holding the knockout in place. Either fully cut the tabs, or score them then carefully break them to remove the knockout.

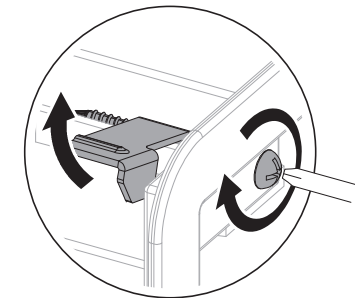

Step 3a

Recessed Drywall Installation Option

- Tape or hold the Mounting Template (#C) onto the drywall where you want to install the Media Box (#A).
- Use a level to ensure the template is straight, then trace the outside of the template. Cut along the traced lines to create the opening in the drywall.
- Ensure the metal mounting tabs on the Media Box (#A) are fully retracted, then insert the Media Box (#A) into the wall opening. If the tabs are not fully retracted they may damage the drywall and prevent proper mounting.
- Rotate the four side screws to extend the metal tabs behind the drywall and secure the box in place.

Note: Rotate the screw to secure the outward extension of the metal parts onto the drywall.

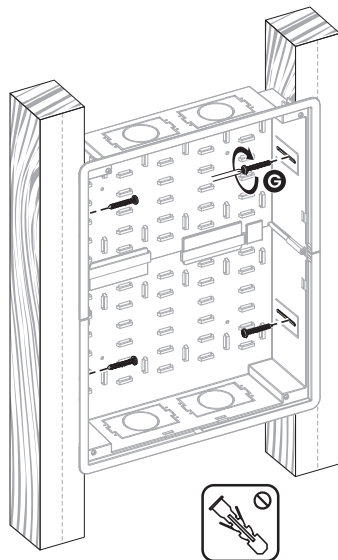

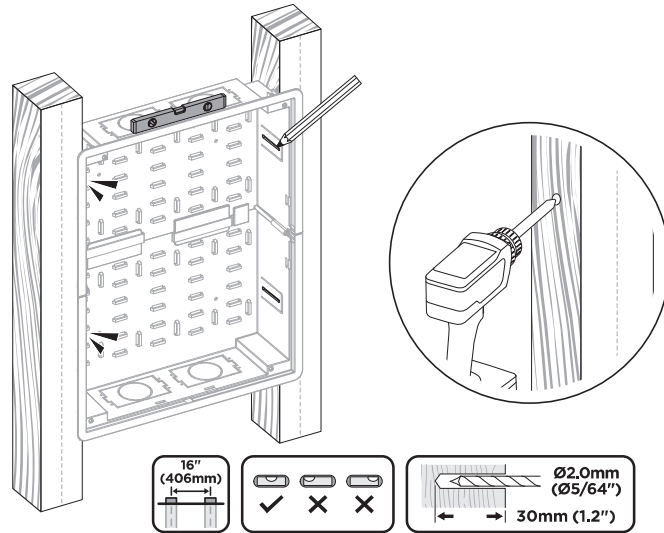

Note: When embedding the Boxes into the drywall, retract the metal parts.

Step 3b

Wood Stud Installation Option

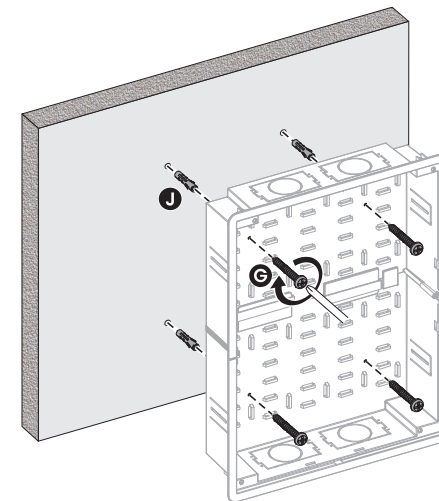

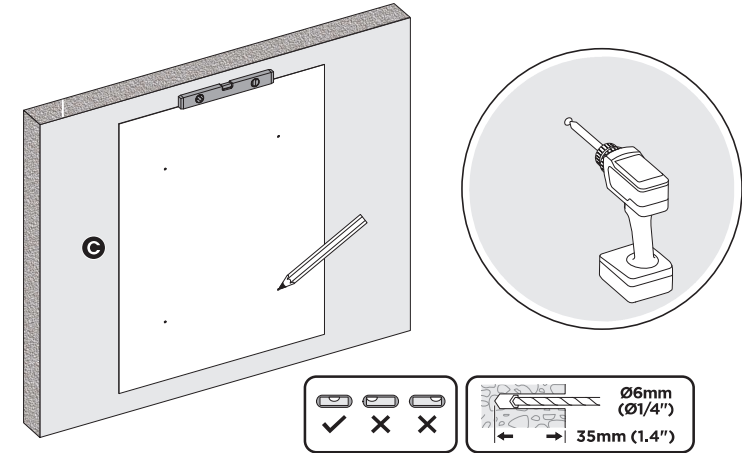

- Position the Media Box (#A) between two wall studs, ensuring the front flange rests flush against the wall surface. Use a level to ensure the Media Box (#A) is properly aligned.
- Mark the mounting holes on the studs through the side flanges of the Media Box (#A).
- Pre-drill holes at each marked location using a 5/64" (2 mm) drill bit to a depth of 1.2" (30 mm).
- Secure the Media Box (#A) to the studs using the Mounting Screws (#G).

Step 3c

Concrete Wall Installation Option

- Tape or hold the Mounting Template (#C) to the desired location on the concrete wall.
- Use a level to ensure the template is straight, then mark the four mounting hole positions through the template.
- Drill holes at the marked positions using a 1/4" (6 mm) masonry bit to a depth of 1.4" (35 mm).
- Insert the Concrete Anchors (#J) into the drilled holes.
- Align the Media Box (#A) with the anchors, then fasten it securely to the wall using the Mounting Screws (#G).

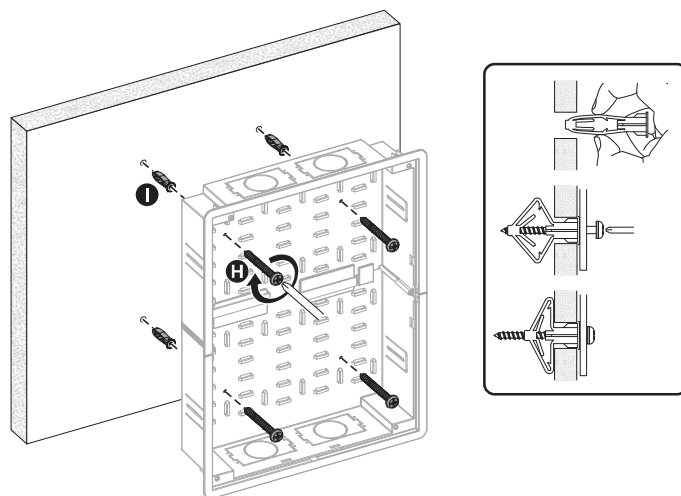

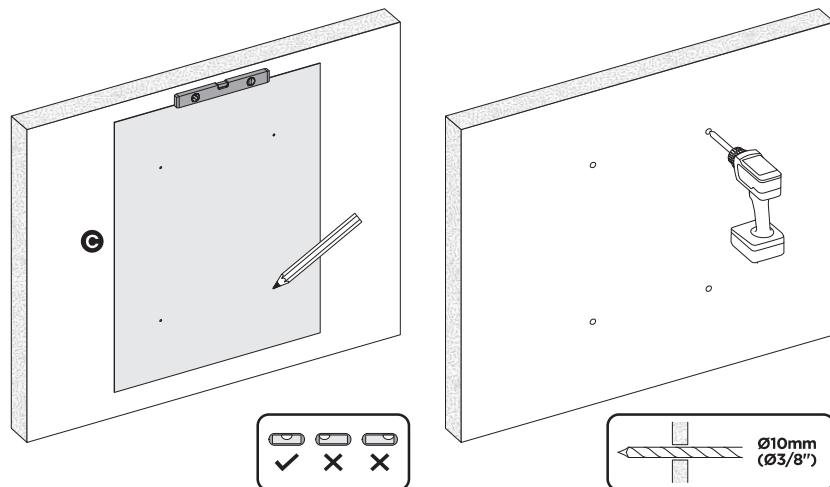

Step 3d

Drywall Surface Installation Option

- Tape or hold the Mounting Template (#C) to the desired position on the drywall surface.
- Use a level to ensure the template is straight, then mark the four mounting hole locations.
- Drill holes at the marked points using a 3/8" (10 mm) drill bit and insert the Drywall Toggle Anchors (#I) into the holes.
- Align the Media Box (#A) with the anchors and secure it to the wall using the Drywall Mounting Screws (#H).

Caution:

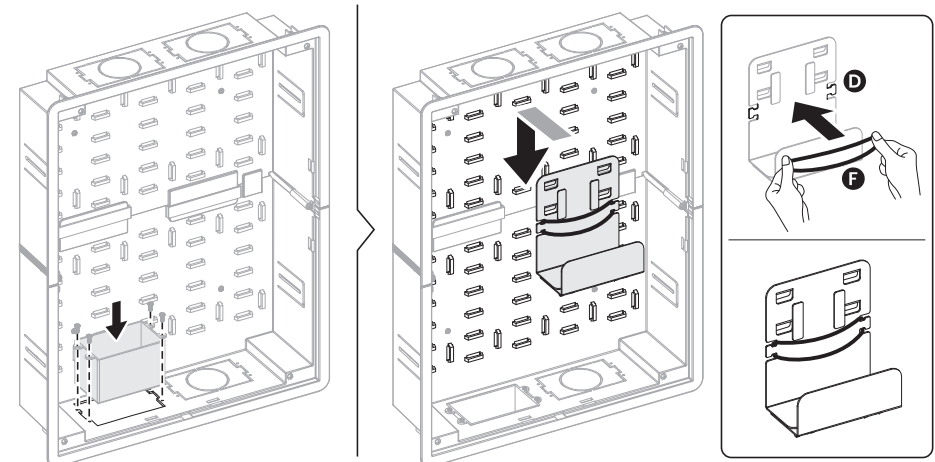

- Do not overtighten the toggle bolts, as this may damage the drywall or the anchor mechanism.
- After installation, gently pull on each corner of the Media Box (#A) to ensure all anchors have properly expanded and locked behind the drywall.

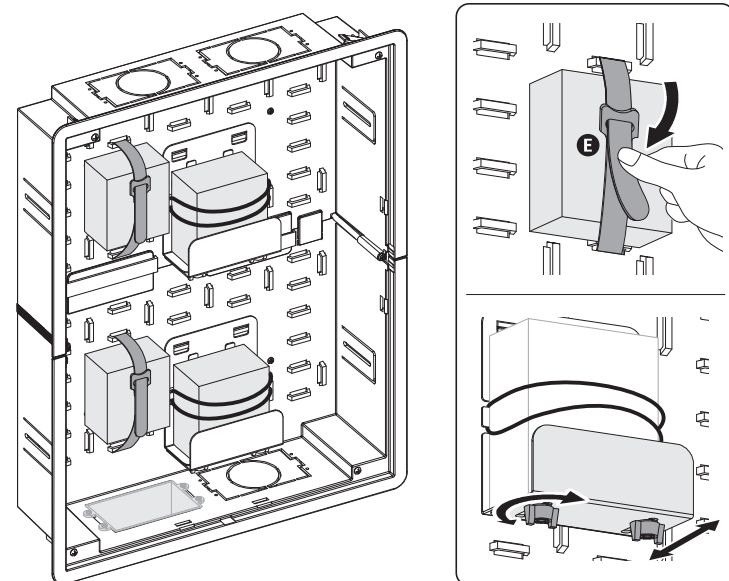

Step 4

Install Mounting Bracket and Secure Media Components

- Hook the Mounting Bracket (#D) into the slots inside the Media Box (#A).
- Use the knobs on the bottom of the Mounting Bracket (#D) to adjust its width as needed to accommodate your components.
- Attach the Elastic Band (#F) to the built-in hooks on the Mounting Bracket (#D) to secure media devices such as streaming boxes or adapters.
- Use the Cable Ties (#E) to fasten cables or smaller components through the slots located on the back panel of the Media Box (#A).

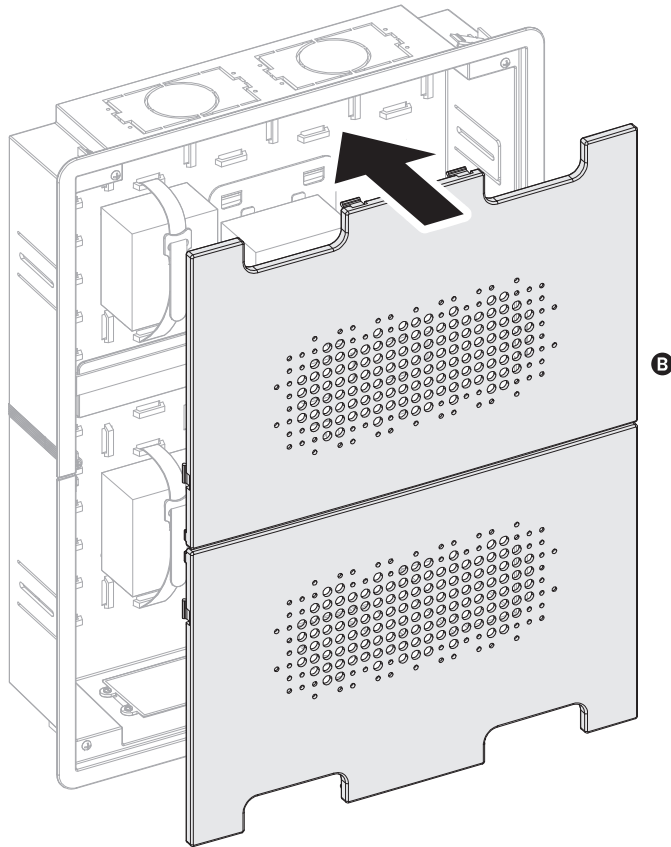

Note: If the mounting holes of the socket box do not match with the Box, drill 2mm holes using an electric drill.

Step 5

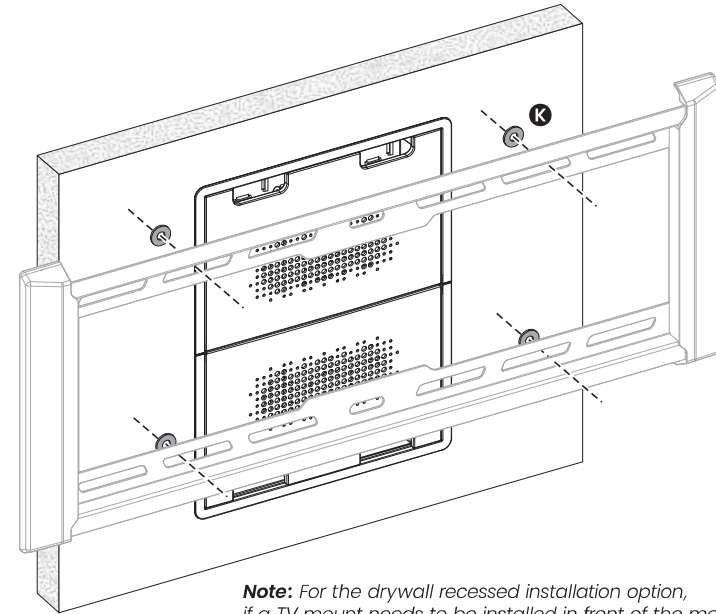

Install the Ventilated Cover Plate

- Press the Ventilated Cover Plate (#B) into place until it securely clicks or snaps into position.

Caution - Wall Mount Placement

Note: If you plan to install a TV mount over the Media Box (#A), use Spacers (#K) between the TV mount and the wall. This ensures the mount does not press directly against the Media Box, which could cause damage to the drywall or the box itself.

Note: For the drywall recessed installation option, if a TV mount needs to be installed in front of the media box, spacers need to be added behind the TV mount.
