Step 3

Attach the VESA Brackets to the TV

Select the appropriate size mounting bolts (Select one size #M-A through M-D) and washers (#M-E) for your display's mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your TV user manual or contact the manufacturer for sizing information. If necessary, use the included spacers (#M-F, #M-G) between the mount and the screen as shown to adjust the length of the mounting bolt.
