# Thank you for choosing Mount-It!

**EN** Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It for assistance.

**CAUTION:** Use with products heavier than the rated weights indicated may result in instability causing possible injury.

- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws to secure the product to the wall.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

**IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It for a replacement.

**DE** Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

**VORSICHT:** Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.

- Bitte befolgen Sie die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.
- Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
- Dieses Produkt ist nur für massiven Betonwänden oder Mauerwerkswänden zu montieren.
- Stellen Sie sicher, dass die Auflagefläche des Geräts und aller angeschlossenen Hardware und Komponenten sicher trägt.
- Verwenden Sie die mitgelieferten Befestigungsschrauben und die Befestigungsschrauben NICHT ZU FEST ANZIEHEN.
- Dieses Produkt enthält Kleinteile, die beim Verschlucken eine Erstickungsgefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
- Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.

**WICHTIG:** Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponente-Checkliste erhalten haben. Sie beschädigten oder fehlenden Teilen, wenden Sie sich an Ihren Verkaufsstell, um Ersatz zu erhalten.

**WARTUNG:** Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

**FR** Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

**ATTENTION:** L'utilisation de produits plus lourds que les poids nominale indiqués peut entraîner une instabilité causant des blessures potentielles.

- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
- Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
- Ce produit est conçu pour être installé sur des murs avec profils en bois, des murs en béton massif ou murs en brique.
- Assurez-vous que la surface de soutien supporte en sécurité le poids combiné de l'équipement et de tous les matériaux et composants associés.
- Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.
- Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
- Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

**IMPORTANT:** Avant l'installation, assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.

**Maintenance:** À intervalles réguliers (au moins tous les trois mois), vérifiez que le support est d'installation sûr et stable.

**RU** Тщательно прочтите и будьте внимательны при установке. Если у вас возникли какие-либо вопросы относительно инструкции или предупреждений, обратитесь в Вашем местном распределителе для получения помощи.

**Внимание:** Использование продукта, вес которого превышает указанный максимальный, может привести к неустойчивости и возможным травмам.

- Всегда строго следуйте инструкции. Неправильная установка может привести к повреждению или серьезным травмам.
- Необходимо использовать профессиональные инструменты и специальные инструменты. Продукт должен устанавливаться только профессионалами.
- Продукт предназначен для установки на прочные кирпичные стены, перфорированные стены или кирпичные стены.
- Убедитесь, что поверхность поддержки выдержит вес всего установленного оборудования и комплектующих.
- Необходимо использовать прилагаемые винты, а также использовать винты, НЕ ПЕРЕТЯГИВАЯ их на максимальный момент.
- Данный продукт содержит маленькие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
- Данный продукт предназначен только для использования в помещении. Использование данного продукта на улице может привести к повреждению продукта и травмам.

**ВАЖНО:** Перед установкой убедитесь, что вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или они повреждены, свяжитесь с Вашим местным распределителем для замены или замены.

**ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ:** Необходимо регулярно проверять (ка минимум, раз в три месяца), чтобы убедиться, что оборудование было безопасно установлено.

**ES** Lea todo el manual de instrucciones antes de comenzar la instalación y montaje de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

**PRECAUCIÓN:** Utilizar con productos de mayor peso al indicado en los límites de peso podrá ocasionar inestabilidad y posibles lesiones personales.

- Lea y siga todas las advertencias y las instrucciones de montaje. Una incorrecta instalación podría ocasionar daños a la unidad y lesiones personales.
- Utilice las herramientas y equipo de seguridad adecuados. Este producto debe ser instalado por profesionales.
- Este producto está diseñado para instalaciones en paredes de concreto sólido, muros de ladrillo o muros de bloques.
- Asegúrese de que la superficie de fijación soportará de manera segura el peso total del equipo y todos sus componentes y hardware.
- Utilice los tornillos de montaje suministrados y NO apriete demasiado los tornillos.
- Este producto contiene pequeñas piezas que representan un riesgo si se las traga. Mantenga estas piezas fuera del alcance de los niños.
- Este producto está diseñado para uso interior. Utilizar este producto en exteriores podría ocasionar fallas al producto y lesiones personales.

**IMPORTANTE:** Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.

**Mantenimiento:** Compruebe periódicamente que el soporte está asegurado y listo para usar (al menos cada tres meses).

**PT** Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre qualquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

**ATENÇÃO:** O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.

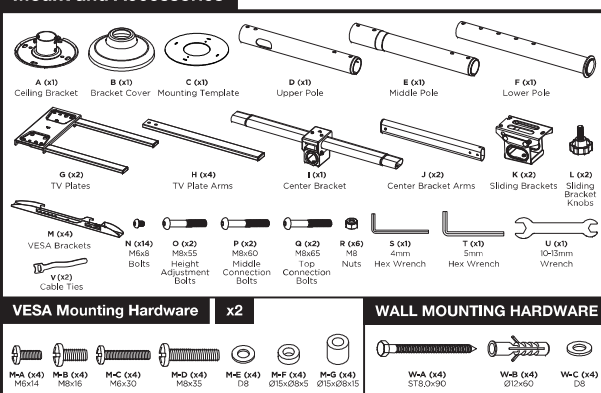

- Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou sérias lesões pessoais.
- Equipamentos de segurança e ferramentas adequadas devem ser utilizados. Este produto só deve ser instalado por profissionais.
- Este produto é projetado para ser instalado em paredes verticais de paredes de madeira, paredes de concreto sólido ou de tijolos.
- Certifique-se de que a superfície de suporte suportará com segurança o peso combinado do equipamento e todos os materiais e componentes associados.
- Use os parafusos de montagem fornecidos e NÃO APRIQUE EXCESSIVAMENTE os mesmos.
- Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha essas peças longe do alcance de crianças.
- Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.

**IMPORTANTE:** Asegure-se que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação. Se alguma peça estiver faltando ou é defeituosa, contate o seu distribuidor local para substituição.

**MANUTENÇÃO:** Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

## Mount and Accessories

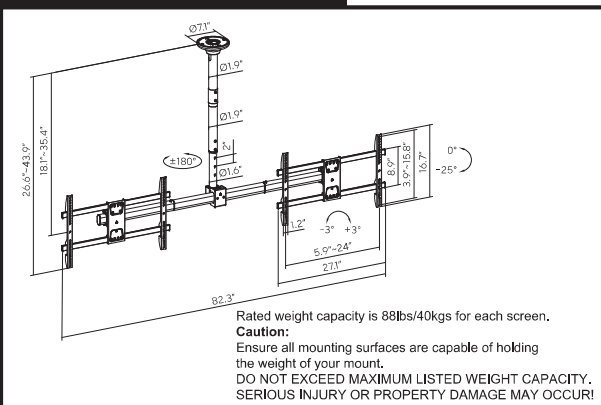

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

**CHOKING HAZARD.** Package includes small parts. Not for children under 3 years. Adult supervision is required.

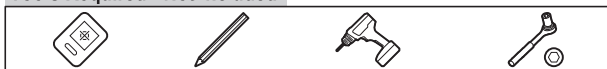

**Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.**

## DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 88lbs/40kgs for each screen.  
**Caution:**  
 Ensure all mounting surfaces are capable of holding the weight of your mount.  
**DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY. SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!**

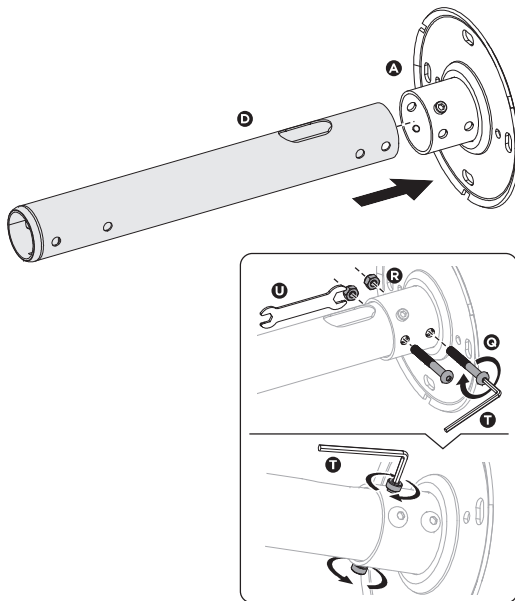

## Tools Required - Not Included

## Step 1

### Attach the Upper Pole to the Ceiling Bracket

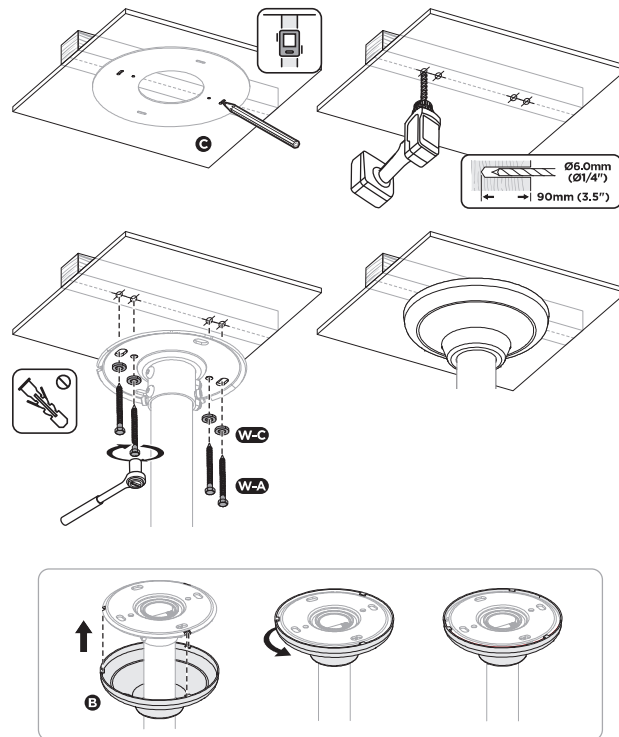

- Slide the Upper Pole (#D) into the Ceiling Bracket (#A) in the orientation shown.
- Insert the M8x65 Top Connection Bolts (#Q) through the aligned holes in the Ceiling Bracket (#A) and Upper Pole (#D).
- Install the M8 Nuts (#R) onto the ends of the bolts and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).
- Tighten the two pre-installed set bolts on both sides of the Ceiling Bracket (#A) using the 5mm Hex Wrench (#T) to lock the Upper Pole (#D) in place.

## Step 2a

### Mounting to a Wood Joist

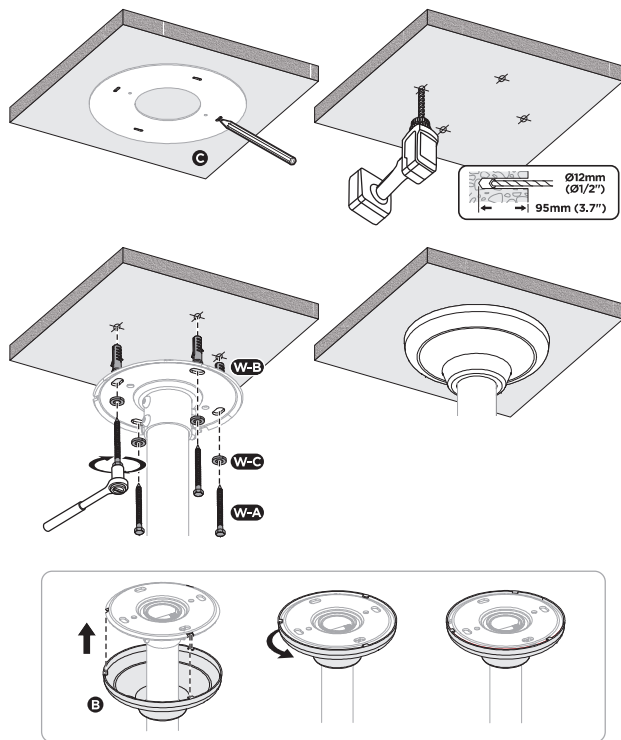

- Use a stud finder to locate the center of the ceiling joist. Center the Mounting Template (#C) on the joist and mark the hole locations with a pencil.
- Drill pilot holes at the marked locations using a 1/4" (6mm) drill bit to a depth of 3.5" (90mm).
- Position the Ceiling Bracket (#A) over the drilled holes. Secure it using the Lag Screws (#W-A) and Washers (#W-C). Tighten until the bracket is fully secured against the ceiling surface.
- Slide the Bracket Cover (#B) to the top of the pole and rotate it clockwise until it locks into position on the ceiling bracket.

## Step 2b

### Mounting to Concrete or Brick

- Place the Mounting Template (#C) in the desired location on the ceiling. Mark the 4 hole locations with a pencil.
- Drill holes at the marked locations using a 1/2" (12mm) drill bit to a depth of 3.7" (95mm).
- Insert the Concrete Anchors (#W-B) into each hole.
- Position the Ceiling Bracket (#A) over the drilled holes. Secure it using the Lag Screws (#W-A) and Washers (#W-C). Tighten until the bracket is fully secured against the ceiling surface.
- Slide the Bracket Cover (#B) upward over the pole and rotate it clockwise to lock it into place beneath the Ceiling Bracket (#A).

## Step 3

### Install the Center Bracket and Connect the Pole Sections

#### 1. Attach the Center Bracket to the Lower Pole

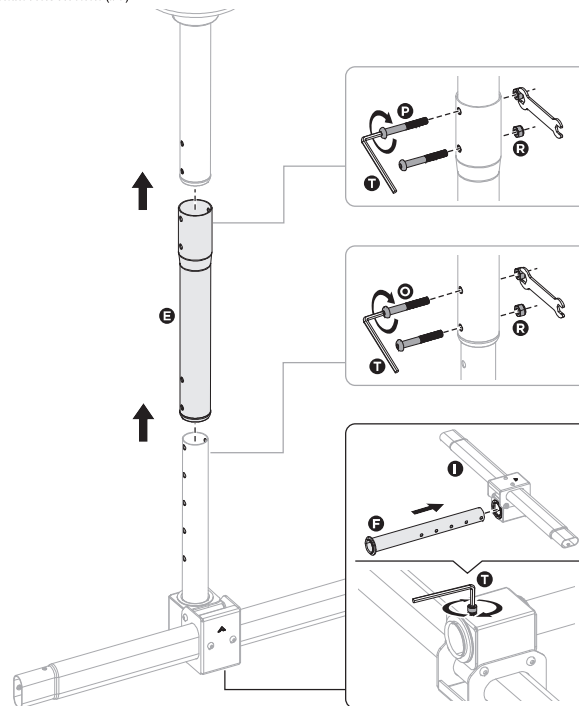

- Slide the Center Bracket (#H) onto the end of the Lower Pole (#F), ensuring the arrow on the bracket points upward toward the top of the pole.
- Allow the Center Bracket to rest against the bottom of the Lower Pole.
- Tighten the pre-installed set bolt on the Center Bracket (#H) using the 5mm Hex Wrench (#T) until fully secured.

#### 2. Attach the Middle Pole to the Upper Pole

- Place the Middle Pole (#E) onto the Upper Pole (#D), align the holes on both poles, then insert the M8x60 Middle Connection Bolts (#P) through the poles.
- Install the M8 Nuts (#R) on the opposite side and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).

#### 3. Attach the Lower Pole to the Middle Pole

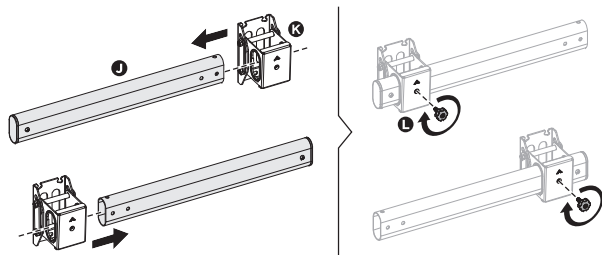

- Insert the Lower Pole (#F) into the Middle Pole (#E) and adjust it to the appropriate height.
- Align the holes on both poles, then insert the M8x55 Height Adjustment Bolts (#O) through the poles.
- Install the M8 Nuts (#R) on the opposite side and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).

## Step 4

### Install the Sliding Brackets

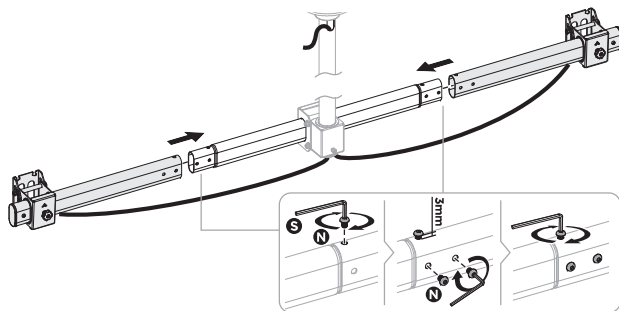

- Position a Sliding Bracket (#K) in front of each Center Bracket Arm (#J), ensuring the arrow on the Sliding Bracket (#K) is pointing upward toward the top of the pole.
- Slide each Sliding Bracket (#K) fully onto its Center Bracket Arm (#J), moving it inward until it reaches the end of the arm. The front face of the Sliding Bracket, the side with the mounting plate, must face forward, toward the front of the installation.
- Once positioned, install the Sliding Bracket Knobs (#L) to secure each Sliding Bracket in place.

## Step 5

### Attach the Bracket Arms

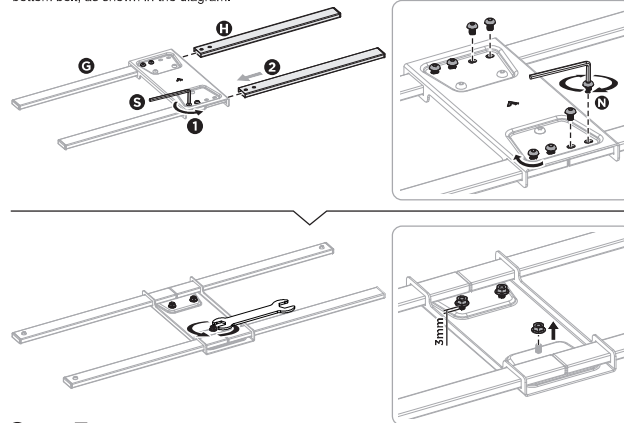

- Slide each Center Bracket Arm (#J) onto the ends of the Center Bracket (#I) until the mounting holes align, then install the bolts to secure them in the following order:
  - Insert the M6x8 Bolt (#N) into the top hole of each arm and tighten partially using the 4mm Hex Wrench (#S).
  - Insert the M6x8 Bolts (#N) into the rear holes and tighten them fully using the 4mm Hex Wrench (#S).
  - Return to the top bolt and tighten it fully.

## Step 6

### Assemble the TV Plates

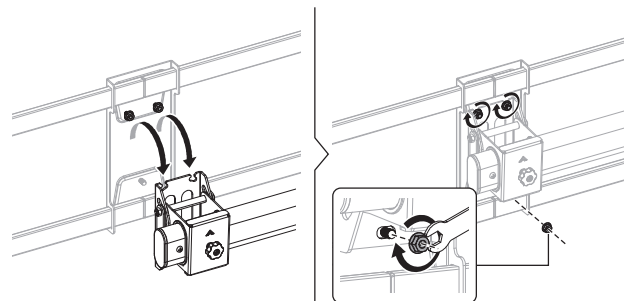

- Slightly loosen the pre-installed bolts on the front of each TV Plate (#G) using the 4mm Hex Wrench (#S).
- Insert the TV Plate Arms (#H) into the channels on the TV Plate, aligning the mounting holes.
- Install the M6x8 Bolts (#N) through the aligned holes and tighten them fully using the 4mm Hex Wrench (#S). Then retighten the pre-installed bolts.
- Turn the TV Plates over and partially loosen the two upper nuts. Then fully remove the lower nut from the bottom bolt, as shown in the diagram.

## Step 7

### Hang and Level the TV Plates

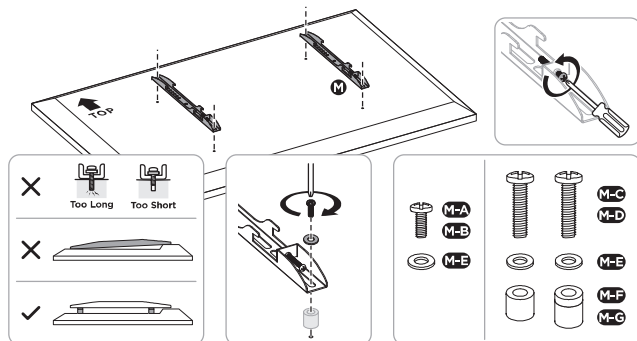

- Lift each TV Plate (#G) and hang it onto the Sliding Bracket (#K) using the two upper bolts and nuts that were loosened in the previous step.
- Reinstall the lower nut onto the bottom bolt of the TV Plate (#K).
- Adjust all three nuts on each bracket to level the TV Plates before fully tightening them.

## Step 8

### Attach the VESA Brackets to the TV

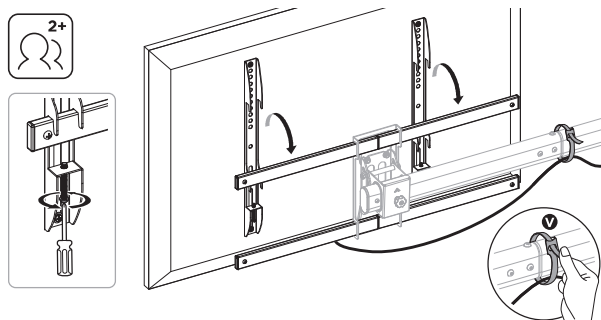

- Select the appropriate size mounting Bolt (#M-A through M-D) and Washer (#M-E) for your TV's mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your TV user manual or contact the TV manufacturer for sizing information. If necessary, use the included Spacers (#M-F, M-G) between the mount and the TV as shown to adjust the length of the mounting bolt. Multiple spacers can be used in combination to achieve the desired bolt depth.

## Step 9

### Hang the TV and Secure the VESA Brackets

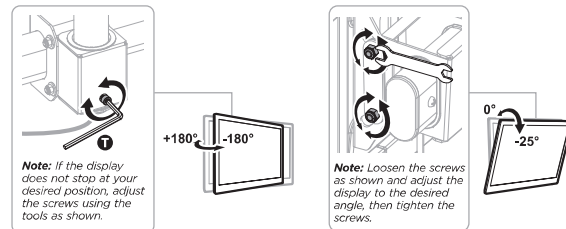

- With two people, lift the TV and hook the VESA Brackets (#M) onto the horizontal bars of the TV Plates (#G), ensuring both brackets are fully seated on the bars.
- Tighten the security bolt at the bottom of each VESA Bracket (#M) until it lightly contacts the lower bar. This prevents the TV from being lifted off the mount. Do not overtighten the security bolt; it only needs to touch the bar to secure the TV in place.

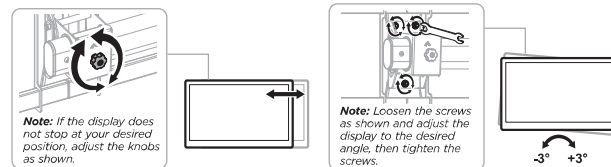

## Step 10

### Final Adjustments

- Left/Right Swivel: Loosen the set bolt on the back of the Center Bracket (#I) using the 5mm Hex Wrench (#T) to allow the entire mount to swivel left or right. Tighten to bolt to hold it in position.
- Tilt Adjustment: If the TVs do not tilt by hand, slightly loosen the side bolts on the Sliding Brackets (#K). Tilt each TV to the preferred viewing angle, then re-tighten the bolts.

- Horizontal Positioning: Loosen the Sliding Bracket Knob (#L) on the back of each Sliding Bracket (#K). Slide each TV left or right along the horizontal bar to center or align the displays, then tighten the knob to lock the bracket in place.
- Level Adjustment: Loosen the nuts on the back of each Sliding Bracket (#K), adjust the TV until it is level, then tighten the nuts to secure the position.
