Thank you for choosing Mount-It!

- EN**  Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It! for assistance.
-  **CAUTION:** Use with products heavier than the rated weights indicated may result in instability causing possible injury.
- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
 - This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It! for a replacement.
- MAINTENANCE:** Check that the product is secure and safe to use at regular intervals (at least every three months).
-
- DE**  Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.
-  **VORSICHT:** Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.
- Bitte befolgen Sie die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.
 - Dieses Produkt enthält Kleinteile, die beim Verschlucken eine Erstickengefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
- WICHTIG:** Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponenten-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihre Verkaufsstelle, um Ersatz zu erhalten.
- WARTUNG:** Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).
-
- FR**  Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.
-  **ATTENTION:** L'utilisation de produits plus lourds que les poids nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.
- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
 - Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
- IMPORTANT:** Avant l'installation, assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.
- MAINTENANCE:** A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est d'utilisation sûre et fiable.
-
- RU**  Перед началом установки и сборки прочитайте руководство по установке. Если у Вас возникли какие-либо вопросы относительно инструкций или предупреждений, свяжитесь с Вашим локальным распространителем для получения помощи.
-  **Внимание:** Использование продуктов, вес которых превышает указанный расчетный вес, может привести к неустойчивости и возможным травмам.
- Опоры должны быть установлены, как это показано в Монтажных инструкциях. Неправильная установка может привести к получению серьезных травм.
 - Данный продукт содержит маленькие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
- ВАЖНО:** Перед установкой убедитесь, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или они поломаны, свяжитесь с Вашим местным распространителем по вопросу замены.
- ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ:** Необходимо регулярно проверять (как минимум, раз в три месяца), чтобы кронштейн был зафиксирован, и его использование было безопасным.
-
- ES**  Lea todo el manual de instrucciones antes de comenzar la instalación y ensamble de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.
-  **PRECAUCION:** utilizar con productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles heridas personales.
- Los soportes deben acoplarse tal como se indica en las instrucciones de ensamble. Una incorrecta instalación podría ocasionar daños y serias heridas personales.
 - Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
- IMPORTANTE:** Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.
- MANUTENIMIENTO:** Compruebe periódicamente que el soporte esté asegurado y listo para usar (al menos cada tres meses).
-
- PT**  Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre quaisquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.
-  **ATENÇÃO:** O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.
- Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou sérias lesões pessoais.
 - Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha esses itens longe do alcance de crianças.
- IMPORTANTE:** Assegure-se que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação. Se alguma peça estiver faltando ou é defeituosa, contate o seu distribuidor local para substituição.
- MANUTENÇÃO:** Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

WARNING:

Gas Spring Arm is under pressure and should be handled with care.

Failure to follow the instructions may result in damage to the mount and/or personal injury.

This product has been inspected to meet the specified standards and is allowed to be sold.

Safety Caution

BEFORE ASSEMBLY

- Please check and make sure all necessary accessories are included and undamaged.
- Please read and understand this manual carefully before installation.

WARNING

- This product contains small items that could be a choking hazard if swallowed. KEEP AWAY FROM CHILDREN UNDER 3 YEARS OLD. ADULT SUPERVISION IS REQUIRED.
- Improper installation, such as using the product for speakers over its load capacity or for any purpose not explicitly specified, may cause damage or serious injury. We would not be liable for any damage or injury caused by improper mounting or inappropriate use.

CAUTION AND MAINTENANCE

- Never allow children to climb, stand, hang, or play on any part of speaker or stand.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.
- Check that the bracket is secure and safe to use at regular intervals (at least every three months).

Attention: Tension adjustment should be done only after monitor installation. Pay attention to the VESA compatible.

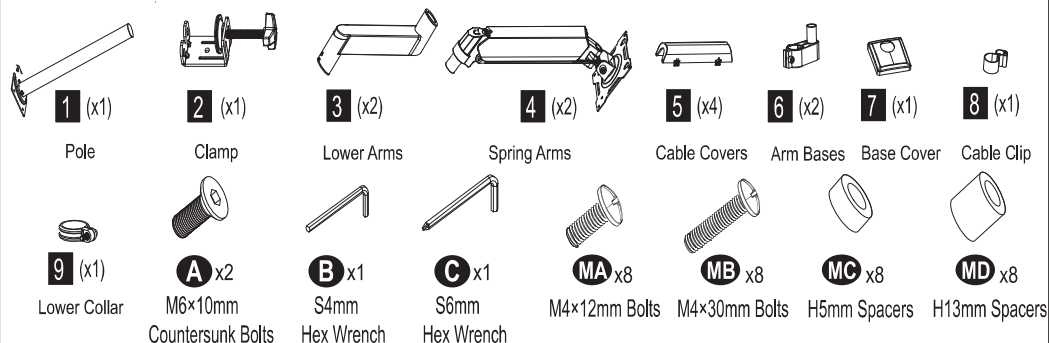

VESA Compatible

75x75mm 100x100mm

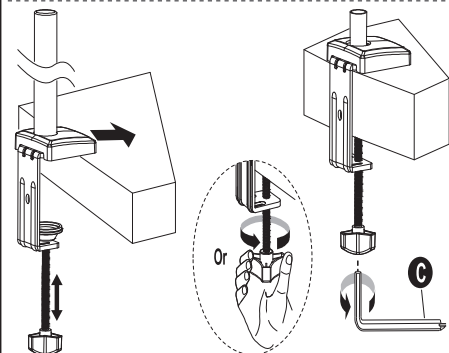

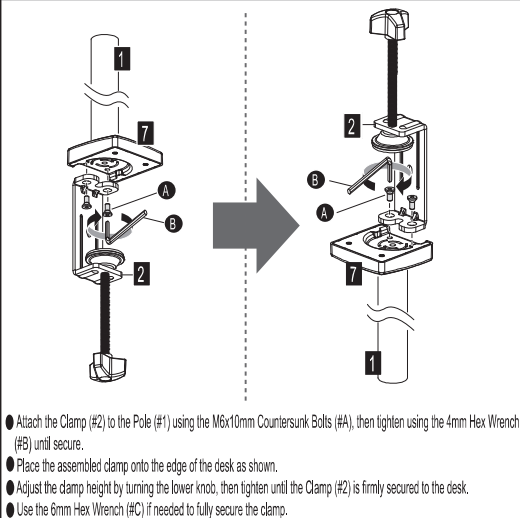

FLAT/CURVED

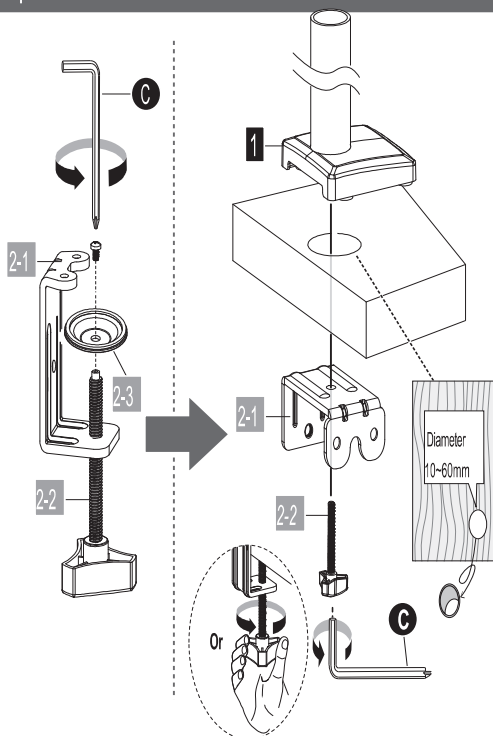

Contents

Step1A Clamp Desk Installation (Desktop thickness 10mm–68mm)

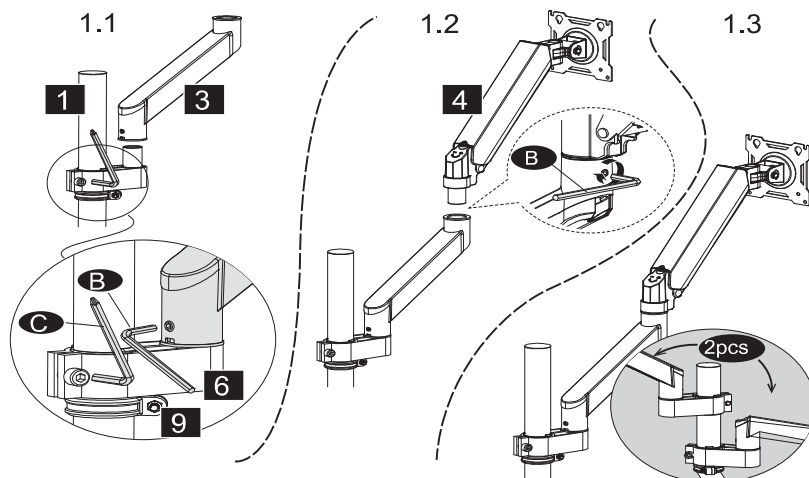

Step1B Grommet Installation (Desktop thickness 10mm–68mm & Ø10–60mm hole diameter)

- Remove the small bolt from the end of the Clamp (#2) screw assembly, then remove the clamp knob and threaded rod from the Clamp (#2).
Insert the threaded rod through the side hole of the Clamp (#2) to convert it into a grommet mounting configuration.
- Place the Pole (#1) over the desk grommet hole, then from underneath the desk insert the threaded rod through the hole and tighten until the Clamp (#2) is securely fastened.
- Use the 6mm Hex Wrench (#C) if needed to fully secure.

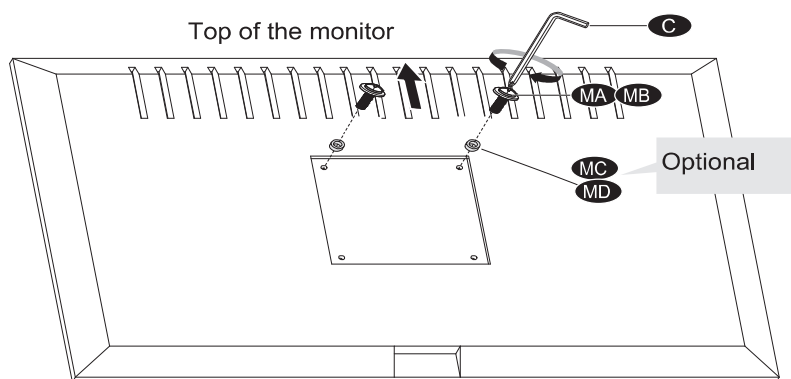

Step1 Assemble the Arms

- Slide the Lower Collar (#9) onto the Pole (#1), adjust it to the desired height, then tighten the set screws using the 4mm Hex Wrench (#B) and 6mm Hex Wrench (#C) until secure.
- Slide the Arm Base (#6) onto the Pole (#1) so it rests on the Lower Collar (#9), then tighten the set screw.
- Insert the Lower Arm (#3) into the Arm Base (#6) and secure it in place.
- Attach the Spring Arm (#4) onto the end of the Lower Arm (#3), then tighten the set screw using the 4mm Hex Wrench (#B).
- Repeat this process for the remaining arm assemblies.

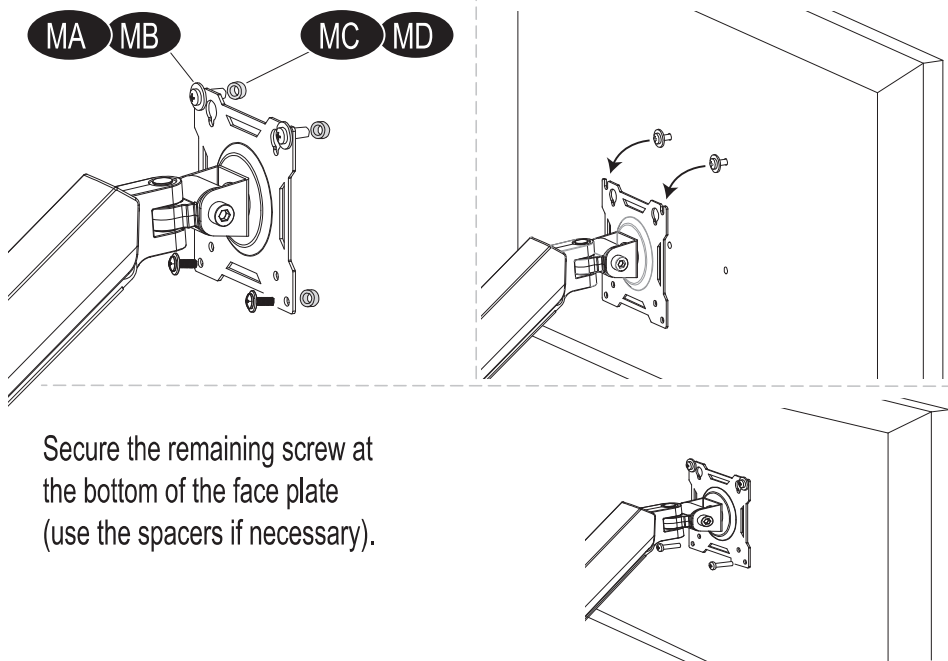

Note: For under-desk (hanging) installation, install the Lower Collar (#9) after all arms have been assembled and positioned.

Install Upper VESA Bolts

- Select the appropriate size mounting bolts (#MA, #MB) for your monitor's mounting holes and verify the length of the VESA bolt is not too long.
- If needed, use the 5mm Spacers (#MC) or 13mm Spacers (#MD) between the monitor and mounting surface.
- Partially install the top two mounting bolts and washers into the upper VESA holes on the back of the monitor, leaving a small gap.

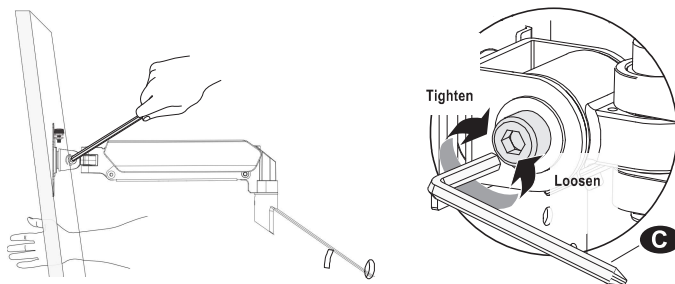

Step2 Hang the Monitor

- Hang the monitor onto the VESA plate by aligning the top two mounting bolts with the slots on the plate and hooking it on to them.
- Install the lower mounting bolts (#MA, #MB) through the bottom VESA holes.
If needed, use the 5mm Spacers (#MC) or 13mm Spacers (#MD).
- Tighten all bolts until secure, do not overtighten.

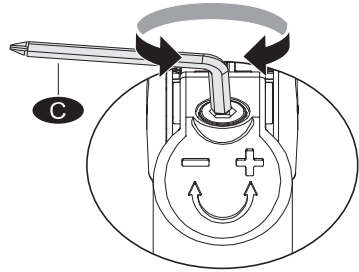

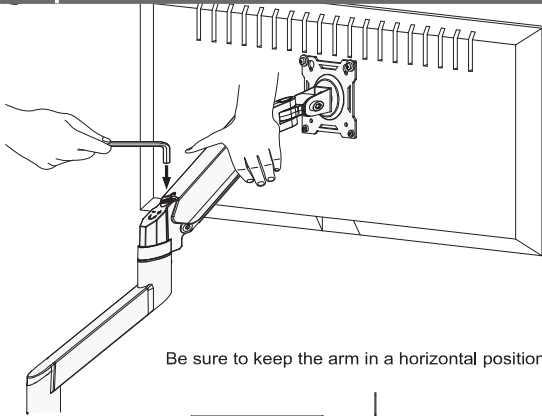

Step3 Tilt Adjustment

The gas spring is pre-set to minimum tension. Depending on the weight of your actual monitor, you may need to adjust the tension of arm with 6mm Allenken

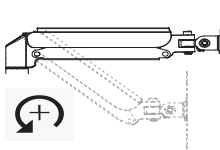

- Route the monitor cables along the underside of the arms and secure them using the Cable Covers (#5).
- Guide the cables down along the Pole (#1) and secure them using the Cable Clip (#8).
- Store the 4mm Hex Wrench (#B) and 6mm Hex Wrench (#C) in the Cable Clip (#8) for future adjustments.

Step4 Strength and tilting adjustment

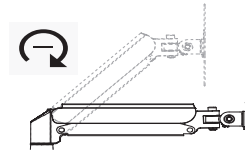

Be sure to keep the arm in a horizontal position during adjustment.

Situation 1 : If arm is falling down

Situation : Turn the screw clockwise to increase tension.

Situation 2 : If arm is rising up

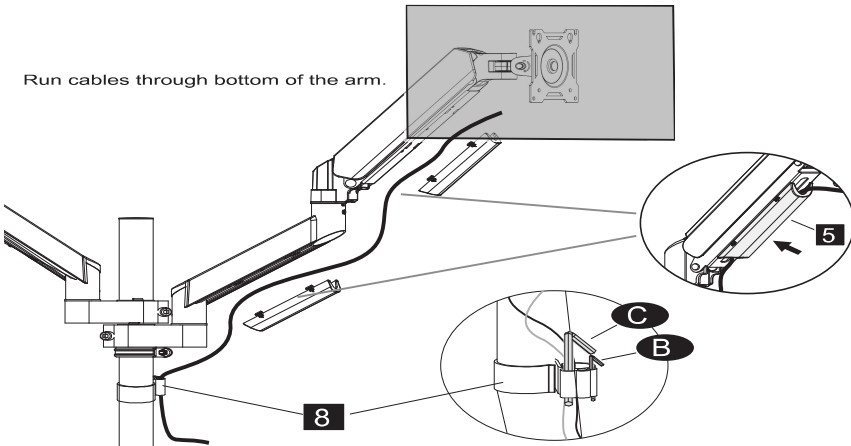

Situation : Turn the screw clockwise to decrease tension.

Weight Balancing the Gas Spring Arm

- Gas spring tension may need to be adjusted to suit the weight of the monitors. To weight balance the gas spring arm, begin by pushing the arm down to the lowered position, then use the Hex Wrench (#C) to adjust the nut as shown. Turn counterclockwise toward the (+) plus sign for heavier monitors to increase tension, and clockwise toward the (–) minus sign for lighter monitors to decrease tension.
- Adjust until the arm does not raise back to the highest position or sink to the lowest position when released. This may require multiple rotations to reach the desired tension.

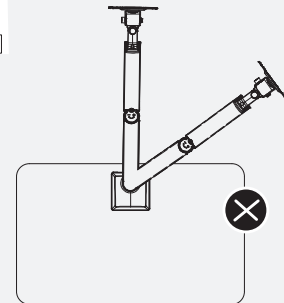

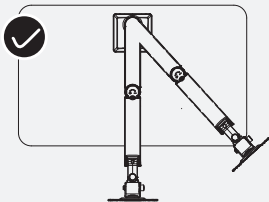

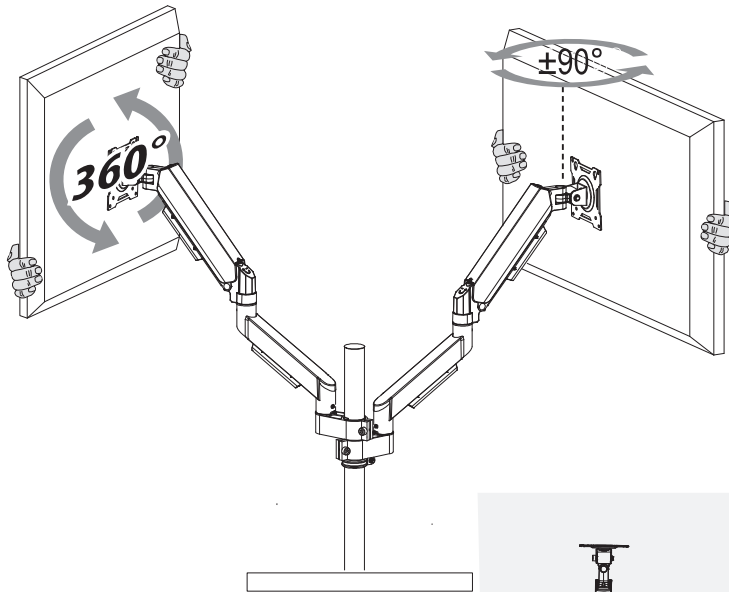

Step5 Cable Management

Run cables through bottom of the arm.

- Route the monitor cables along the underside of the arms and secure them using the Cable Covers (#5).
- Guide the cables down along the Pole (#1) and secure them using the Cable Clip (#8).
- Store the 4mm Hex Wrench (#B) and 6mm Hex Wrench (#C) in the Cable Clip (#8) for future adjustments.

Step6 Viewing Adjustment

- Rotate the monitor 360° to switch between landscape and portrait orientation.
- Adjust the viewing angle by rotating the monitor $\pm 90^\circ$ at the joint as shown.
