MEDHUB MOBILE WORKSTATIONS

- Rolling medical carts with convenient, pneumatic height adjustment via foot pedal
- Specifically designed to seamlessly integrate technology and patient care
- Four large 360° casters with locking mechanism provide both mobility and stability as needed
- Built-in handle for easy movement from room to room
- Comes with a large platform for your laptop and a sliding keyboard tray with integrated mousepad
- Perfect solution for a variety of environments including treatment rooms, urgent care centers, therapy rooms, nursing homes, patient rooms and more
- MI-16004 comes with two drawers, a side tray and a scanner holder to provide extra storage space and ensure a neat and tidy workspace
- Modular design can be combined with Mount-It! MedHub monitor, laptop and tablet mounts

MI-16001

MEDHUB WALL WORKSTATION

- Space-saving, wall-mounted solution tailor-made for a variety of medical environments including treatment rooms, examination rooms, dental clinics, patient rooms and more
- Spring arm design allows for instant height adjustment for maximum convenience and user comfort
- Additional monitor height adjustment along the arm as well as swivel, tilt and screen rotation to suit your needs
- Folding keyboard tray saves space when keyboard is not in use
- Integrated mousepad slides out on either the left or right side to accommodate all users
- Keep your workspace organized and safe with built-in features for easy scanner access and cable management
- Recommended for monitors up to 35" and 22 lbs

MI-16002

MEDHUB WALL WORKSTATION WITH WALL TRACK

- Space-saving, wall-mounted solution tailor-made for a variety of medical environments including treatment rooms, examination rooms, dental clinics, patient rooms and more
- Monitor, keyboard tray and scanner holder height can be adjusted along the wall track
- Spring arm design allows for instant height adjustment of monitor and keyboard tray, prioritizing user comfort and convenience
- Full motion adjustments including swivel, tilt and screen rotation
- Folding keyboard tray saves precious room space when not in use
- Integrated mousepad slides out on the left or right side to accommodate all users
- Built-in cable management ensures a tidy and hazard-free workspace
- Recommended for monitors up to 43" and 26.4 lbs
